TRANSITIONS

BY JEROME SAINT JONES

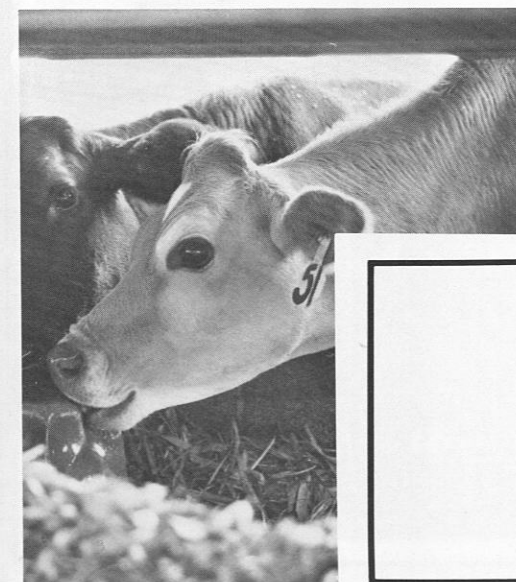

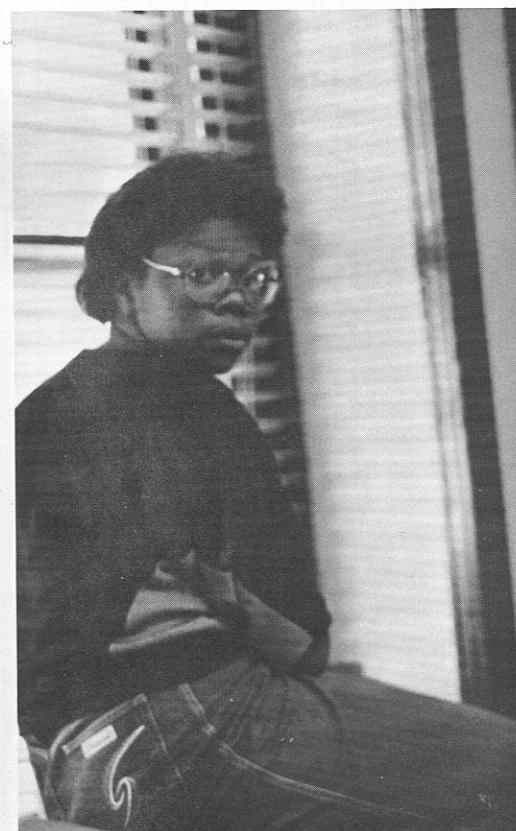

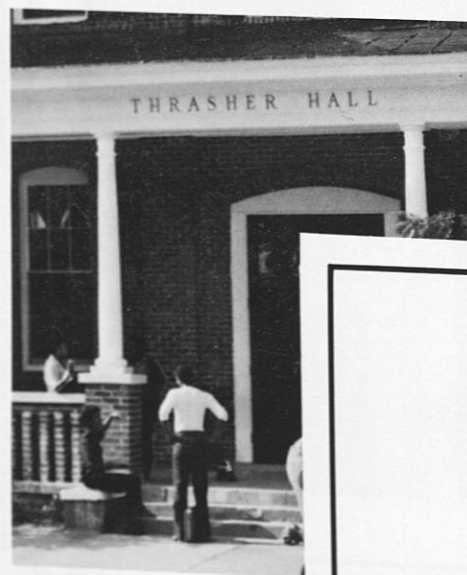

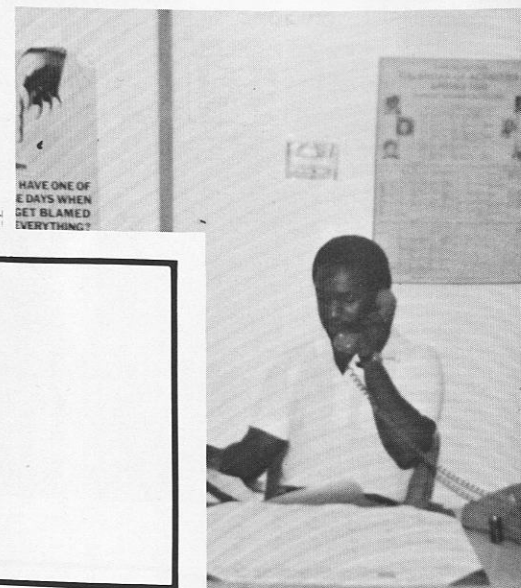

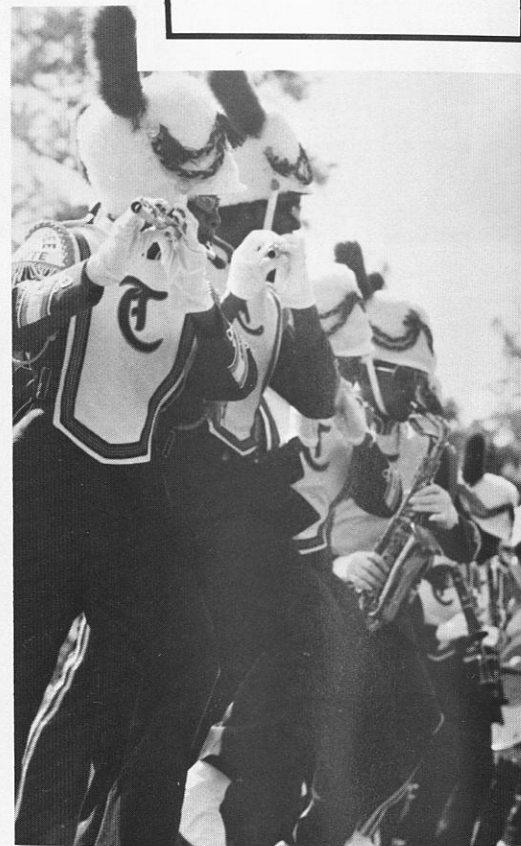

Dire transitions take me from line to line, forcing me to wait until the world gets its act together. I merely stand in silent protest, knowing well I've much to learn about this world ... and its transitions.

Sometimes I'm king, but kingdoms are rare, and I humbly bow before Math and English because I know my place and where I stand in line.

I change each day on my way toward becoming. Yet no one tells me when I've arrived — and some hope I never make it ...

(One-third of our lives is spent simply preparing for what's in store. Who can help but wonder when the illusion will reveal itself?)

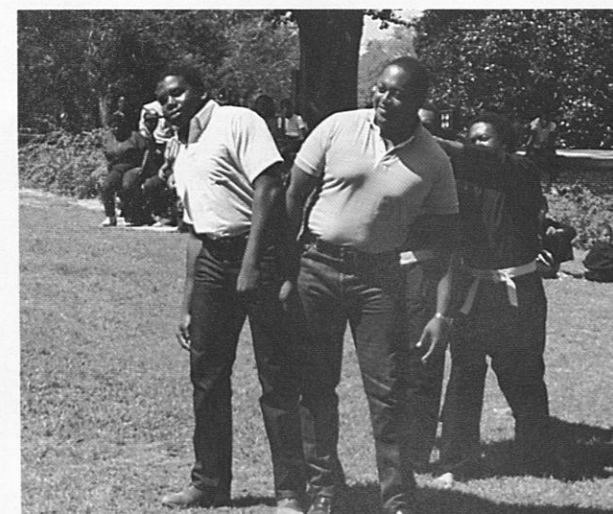

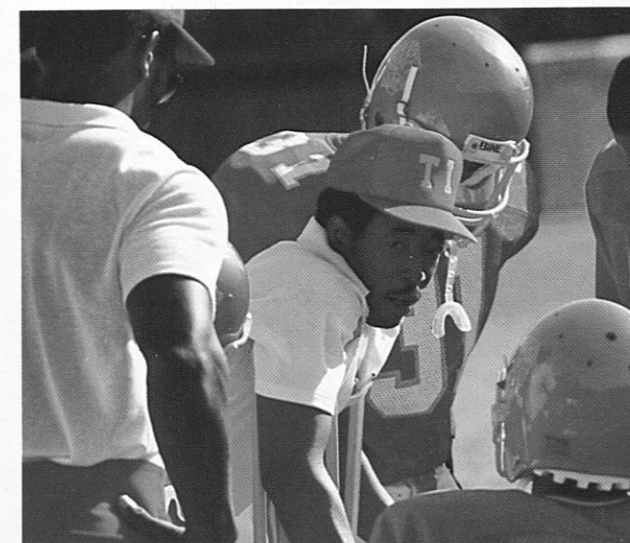

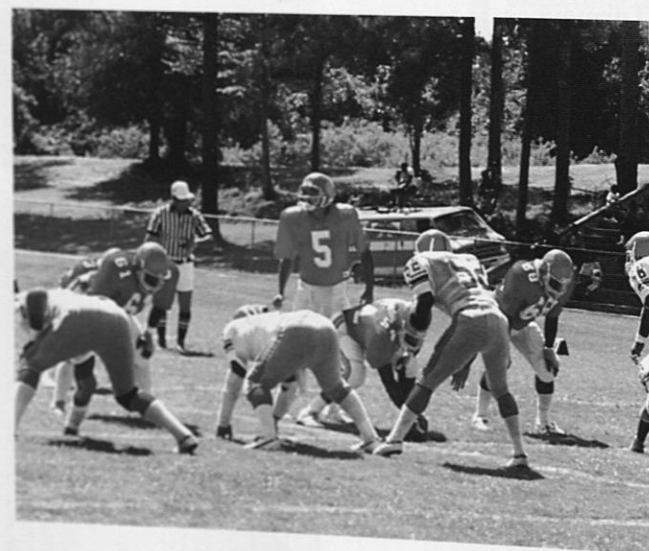

I am the change upon this old land. I grace its valleys and hills with harsh and stoic revelation. Proud, I am, with a worldly air — a touch of Lagos, Athens and Detroit.

I am the change. I am the change. I represent all good and bad in years to come. Laugh at me and laugh at yourself. Curse me and curse also yourself. Teach me and live forever.

Spasms. Sudden thrills. Love and hate entwined ... Silence. Turmoils. A raging tranquility. I see the best and worst and even dare to choose.

I change with — and prepare for — nothing will hold me back, for I am a Tuskegeean.

The 1st Annual Mardi Gras Festival was a week of fun and celebration sponsored by the Student Government Association. The week long festive ran from Sept. 18-24. The Atlanta Dance Theater Co. kicked off the entertainment and the fashion show proved to be a first class display of this year's latest styles. The mardi gras step show pitted Greek against Greek in an exciting display of fancy footwork in which the men of Alpha Phi Alpha emerged victorious. The pep rally got everyone's adrenelin flowing, the fireworks warmed our hearts. Saturday was a day of jugglers, mime shows, games of luck, and food. And the Golden Tigers topped it off as they defeated Clark College. That evening Plateau and 7th Wonder were enjoyable in a concert featuring the latest hits. All and all, it was a week to be remembered.

TO: MEMBERS OF THE CLASS OF 1984

Hearty congratulations and best wishes for every success as you graduate from Tuskegee Institute!

This has been an exciting and challenging year with the many new changes that were initiated in order to strengthen our programs and services. You have been associated with an institution that is recognized both nationally and internationally for its strong academic programs and timely services and continues its efforts in providing opportunities for its students to grow. Hopefully, you will take the excellent training you have received here and become leaders and pioneers in your professions. As you take your oath at Commencement for the Tuskegee National Alumni Association, you join more than 15,000 alumni whose contributions to society are legion. We are confident that you will hold high the standards of Alma Mater in all of your undertakings in the years ahead.

The country's economic situation continues to decline and is causing extreme difficulties for higher education. As you are well aware, students continue to experience the negative impact of cutbacks in federal aid and colleges and universities are unable to cushion the financial pressure placed on its students. We greatly need the support and assistance of our alumni to help keep Tuskegee strong and to help young people at Tuskegee Institute in the years ahead. Our Alumni Annual Giving Program is vital if we are to continue a strong and vigorous program and help worthy and needy students enrolled at Alma Mater.

We are confident that after leaving the Institute, you will contribute worthily to the society and do so in the finest traditions of Tuskegee Institute.

Mrs. Payton joins me in good wishes to each of you.

Sincerely,

Benjamin F. Payton
President

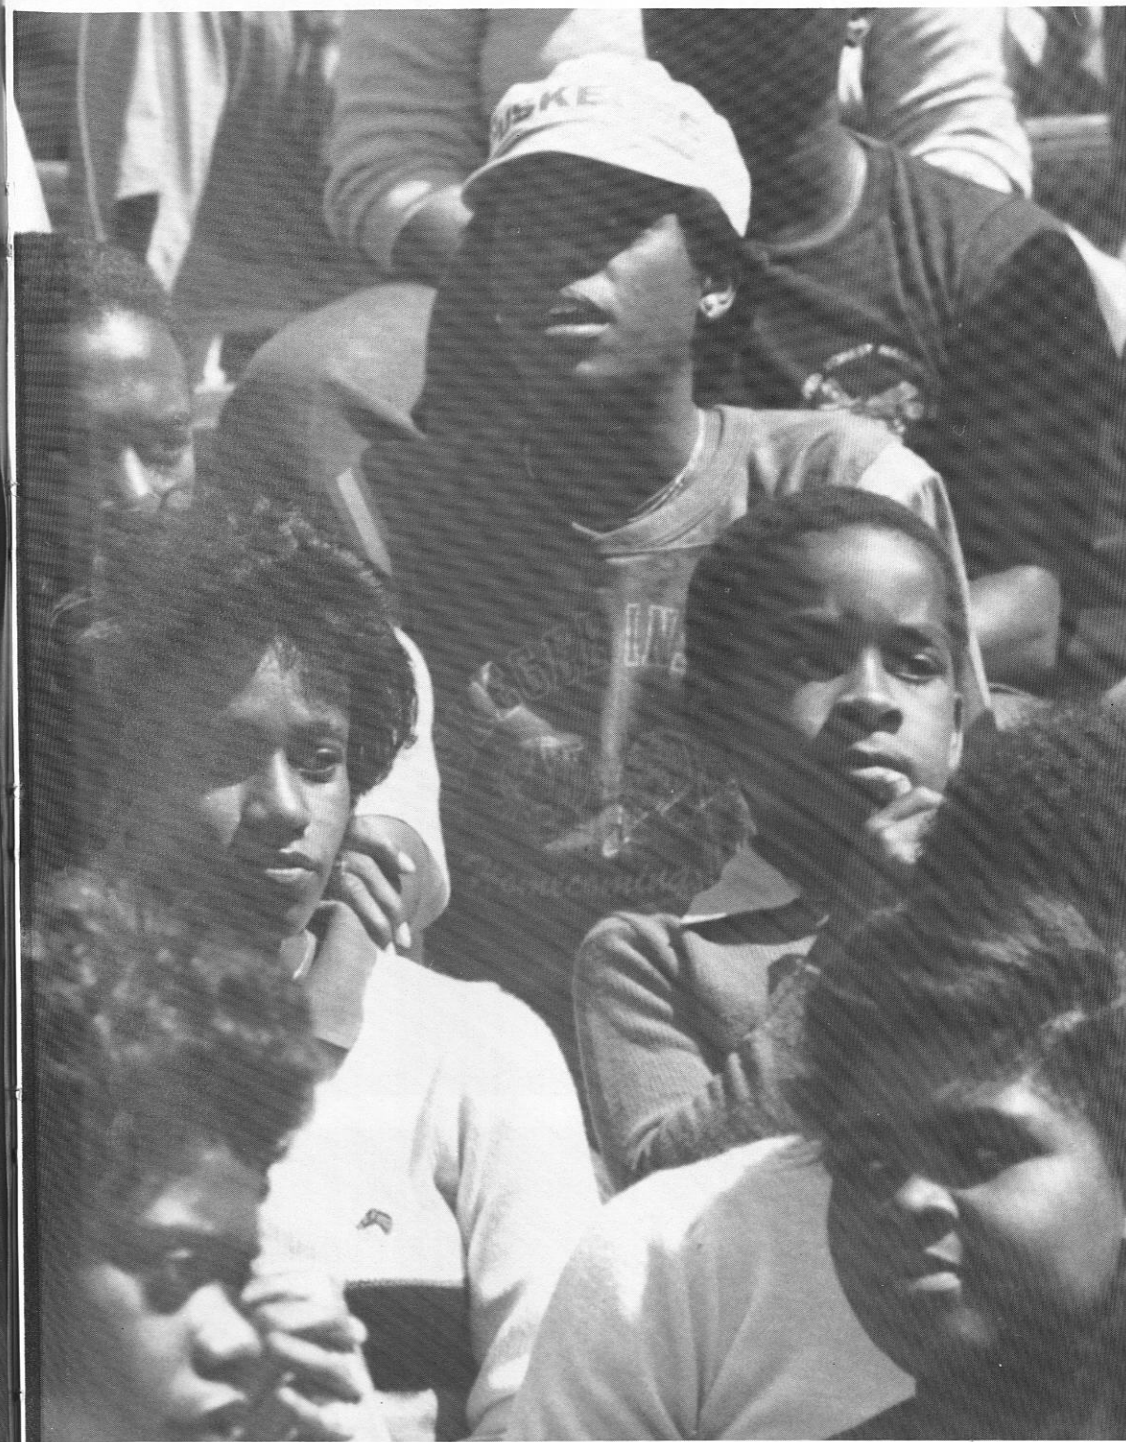

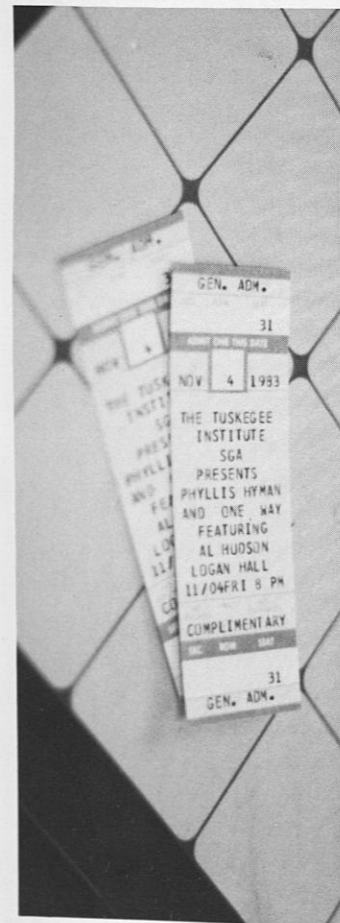

TUSKEGEE OLDEST, BUT FINEST

The Band Cottage is one of the oldest historical buildings on Tuskegee Institute's campus. Constructed in 1889, it was originally called the "Foundry and Forge Shop," used to instruct students in blacksmithing and metallurgy. Currently it is used as a rehearsal area for the Marching and Concert Bands. This unique cottage is recognized by the students and faculty of Tuskegee Institute as a primary symbol of motivation and campus spirit.

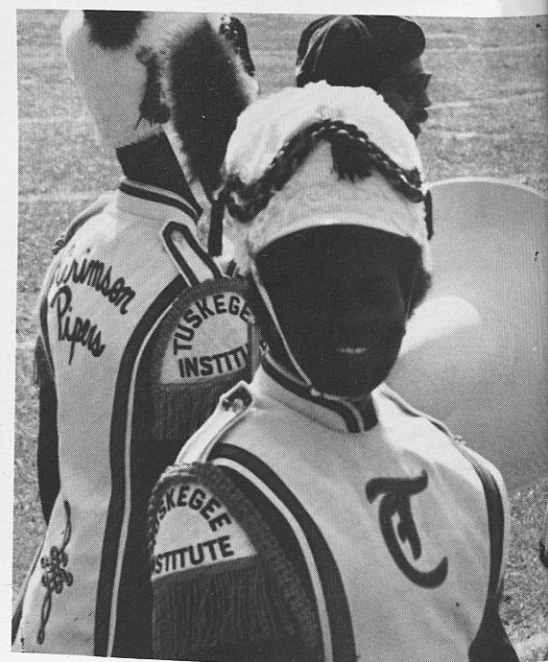

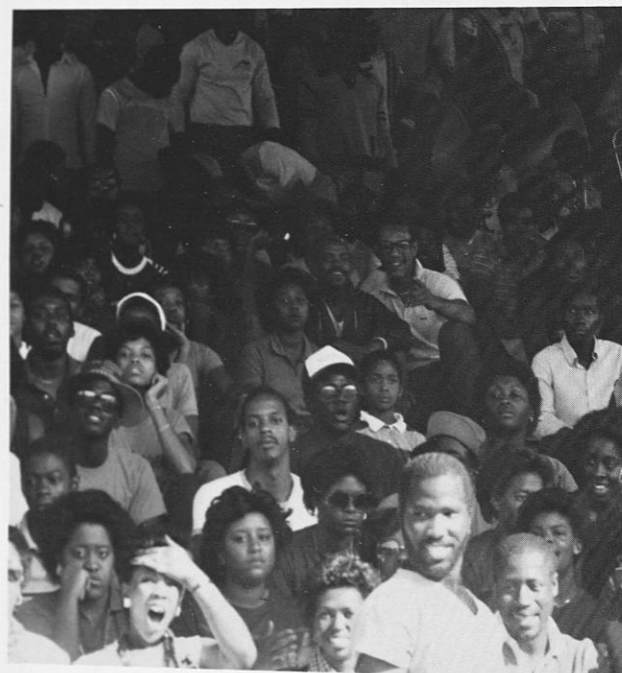

"The Oaks," built in 1899, was the home of Tuskegee Institute's founder, Booker T. Washington. It included many modern conveniences such as electricity and plumbing, which were a novelty for many blacks in the south during that era. It is located on main campus, and is presently a National Historic Site where guided tours are conducted by the National Parks Service. "The Oaks" signifies beauty, strength, tradition, and character, which are all a part of Tuskegee Institute's exceptional history and foundation.

-A... THE ATLANTA CONSTITUTION, Thurs., Dec. 8, 1983

*Jackson takes the ball,
runs and out-leaps rest*

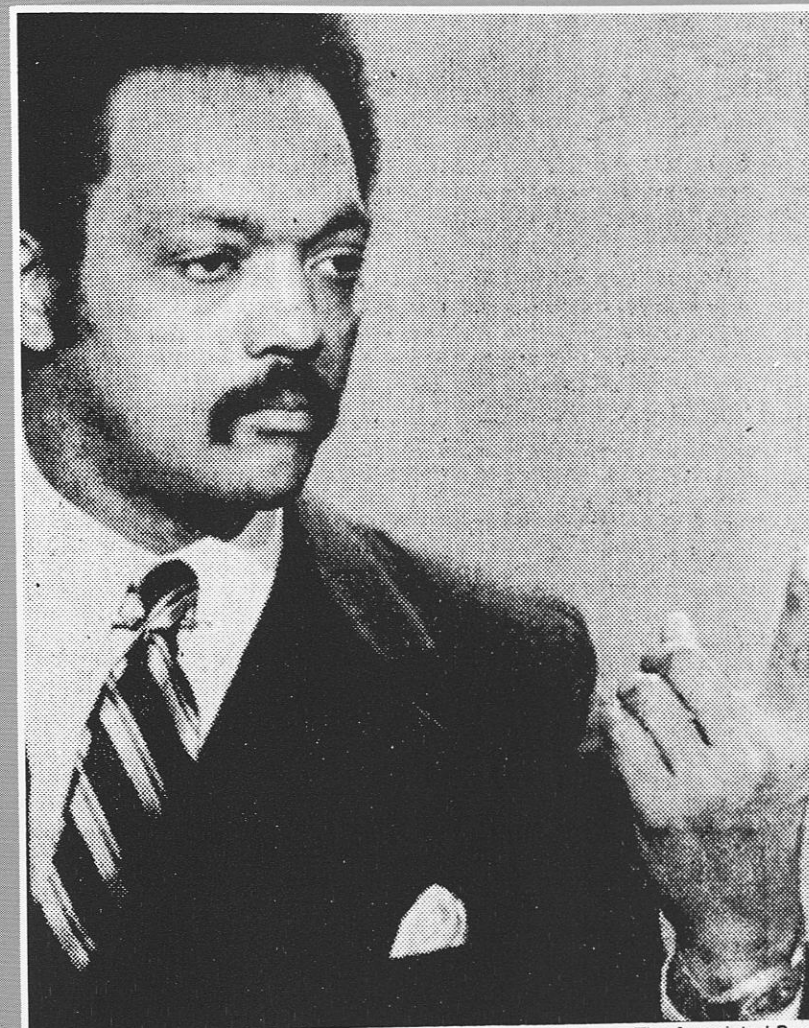

Jesse Jackson expects to receive
a boost from ex-Atlanta mayor

The New York Times
WASHINGTON — The Rev. Jesse Jackson and his key advisers said Saturday that they had drafted an "action plan" to change the Democratic National Committee's delegate-selection arrangements for primary states that have large black populations.

The plan also includes a threat to challenge the seating of delegates to the 1984 Democratic National Committee if the party does not take steps to remedy delegate rules that Jackson considers racially discriminatory, according to Florence Tate, Jackson's press secretary.

Jackson said in an interview Saturday that he would probably present the "policy paper" containing his demands for changes in the party rules to Charles T. Manatt, the Democratic national chairman, in a joint tour of the South on Monday and Tuesday by Jackson and three other candidates for the Democratic presidential nomination.

MONDALE HAS CLOUT; JACKSON HAS THE APPEAL
BAPTIST LEADER SAYS AMEN TO JACKSON

The Associated Press

Meeting the Press

WASHINGTON — Democratic presidential candidate the Rev. Jesse Jackson gestures while talking with reporters shortly before appearing on NBC's 'Meet the Press' program here Sunday. During the program, the late-starting presidential hopeful launched a broad assault on the Democratic Party's rules for picking its 1984 presidential nominee, saying the regulations lock out women and minorities.

WOW JESSE WOW!

Undoubtedly Jesse Jackson will change the way Democrats do business. As the first serious black candidate for President Jackson has captured the imagination of the poor, blacks, youth and women. He calls it his rainbow coalition. Indeed it is! Jackson held his own in the first nationally televised debate of the Democratic candidates and shocked the world by winning the release of Navy Lt. Robert Goodman who was captured by Syria. Win or Lose, Jackson has made a dent in American Politics. SO RUN JESSE RUN!!

— Anthony Bradford

While Jesse was counting votes, Micheal was counting dollars. Micheal Jackson stunned America with an album called Thriller. And it thrilled America so much that over 25 million people bought the album. There is no doubt that besides Ronald Reagan Micheal Jackson is the most recognized figure in the world. Micheal can tell all entertainers to BEAT IT since he won eight American Music Awards including both Pop and Soul Male Vocalist of the Year. For him, that should be a THRILLER.

Miss America

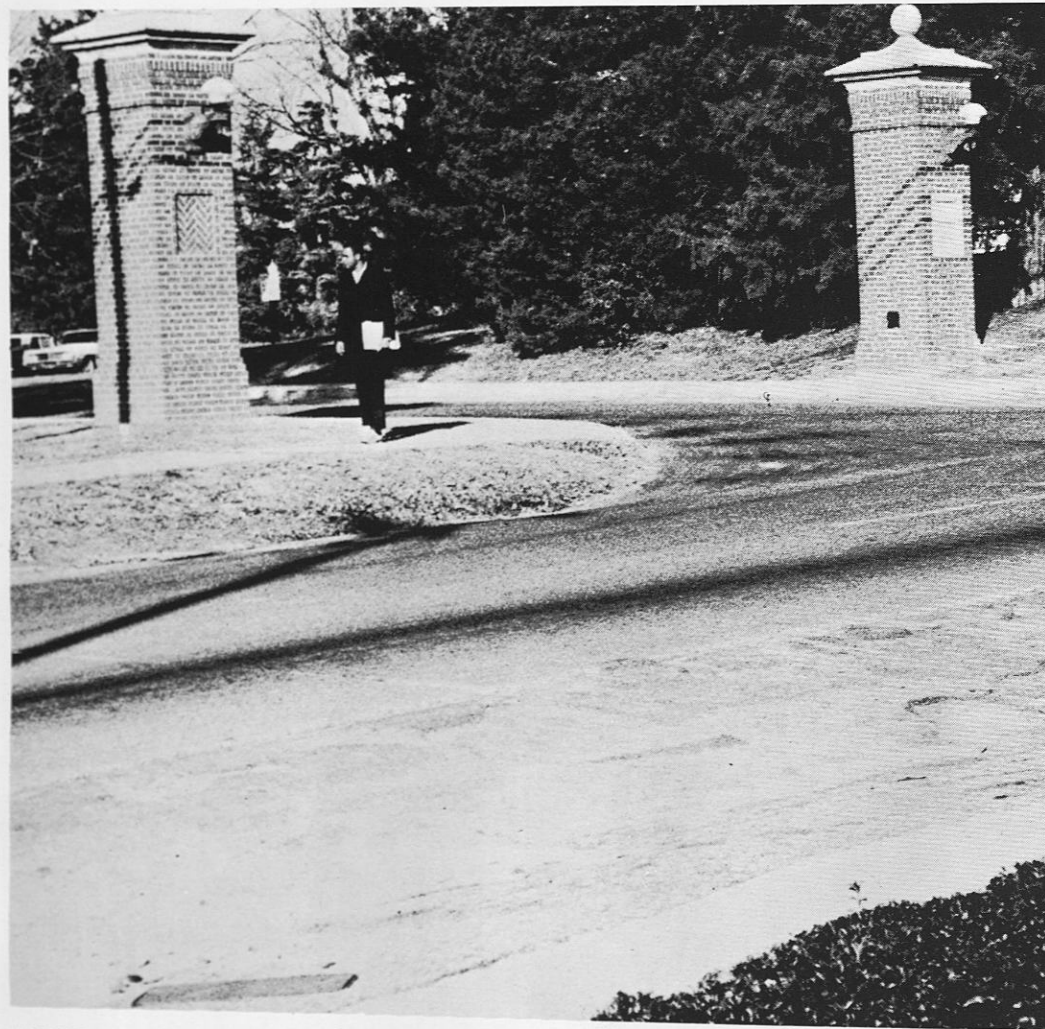

Eddie Murphy not only made millions but entertained millions. His album is presently ranked 10th on the Jet soul chart. Murphy earns a reported \$300,000 a show for Saturday Night Live. Eddie can be best remembered for his remark during the taping of his HBO special when he alluded to the fact that twenty years earlier, Marion Anderson was not allowed to perform in the same hall where Eddie's show was being taped. He ended his remarks with that familiar phrase, "God Bless America". He might have not blessed America, but he definitely blessed Eddie Murphy.

Harold Washington and Wilson Goode both became mayors in their perspective cities. What was so great about their election victories was the fact that both men were the first blacks to be elected in Chicago and Philadelphia. Washington faced a tough racial fight while on the other hand Mr. Goode won the support of both white and black voters in Philadelphia. That goes to show that no matter how its done — it can be done!!

JOB CORPS: GIVING YOUTH A CHANCE TO MAKE IT

William D. Gess
Center Director

Andrew Rucker
Manager of Res. Living

Rueben Ellis
Manager of Training

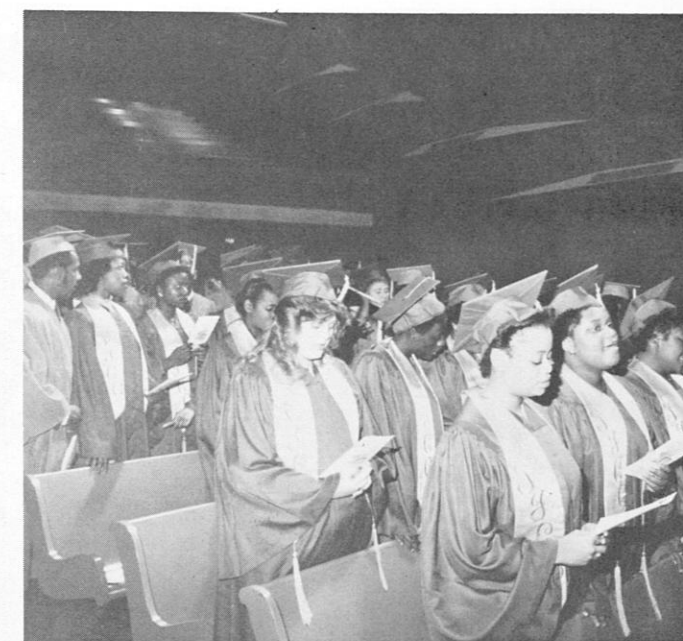

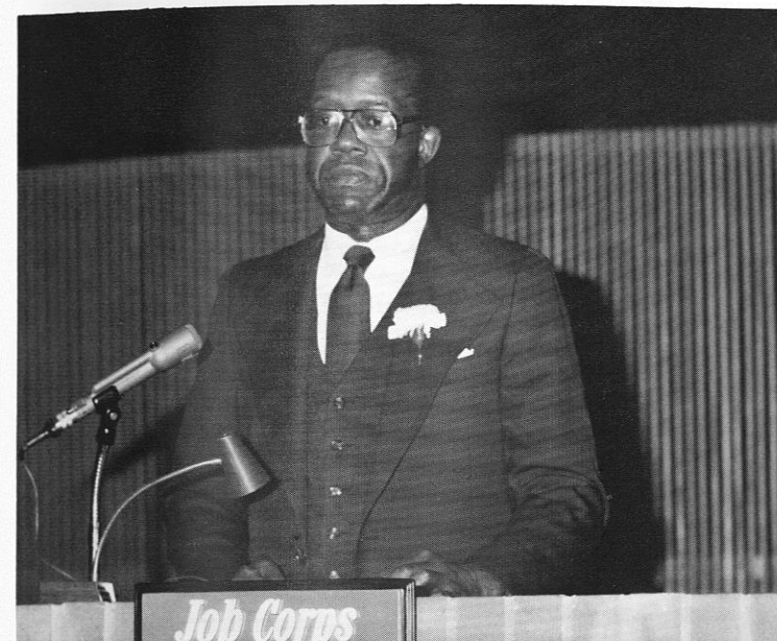

Jobs Corps was created in 1965 as one of the first major government efforts directed at the problem of hard core, unemployable youth — youngsters for America's bleak enclaves of poverty who, until that point, had generally been ignored by the larger society.

The Tuskegee Job Corps Center opened on April 15, 1983, to meet the above challenges. Since its inception, 206 Corpsmembers have graduated, 84 Corpsmembers have stepped-off at a completion level in their vocations, 111 Corpsmembers have recieved drivers licenses and 77 Corpsmembers have passed the GED test.

The Tuskegee Job Corps Center is a co-educational Center with an enrollment capacity of 248 Corpsmembers. Enrollees are recruited from the "Black Belt" areas of Alabama and other southeastern states. The Tuskegee Job Corps Center is the only Job Corps Center in Alabama and is the only one in the United States operated by a college or University.

STUDENT GOVERNMENT ASSOCIATION

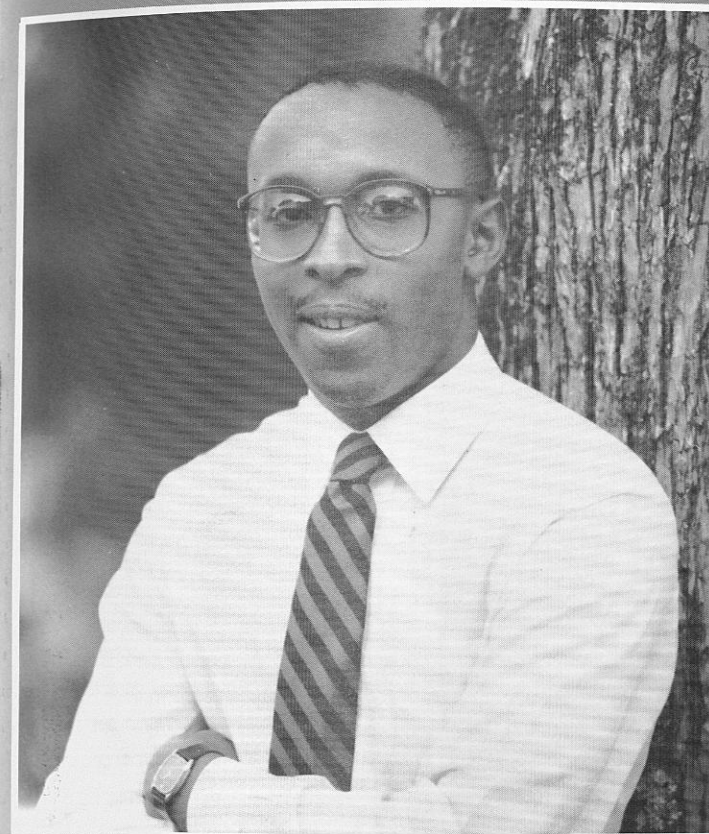

Reginald Blount,
President

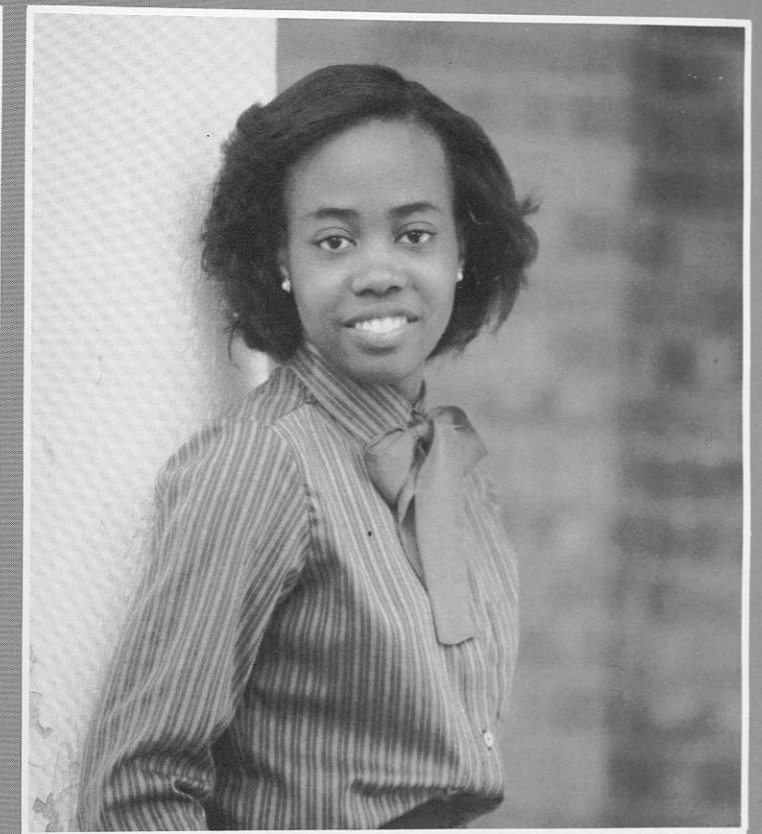

Darryl Benson,
Vice-President

We, the students of Tuskegee Institute, wish to provide a more effective student government that will regulate student affairs. We, therefore, endeavor to create a true academic and intellectual atmosphere in this Institution; to promote harmonious relations among students, faculty, administrators, and staff; to be instrumental in the creation of an *esprit de corps* within the Tuskegee community; to advance the general welfare of the student body; to increase student power in the decision — making process at Tuskegee Institute, and realizing that such an organization is necessary for the building of a greater institution of quality, do ordain and establish this Constitution.

STUDENT GOVERNMENT ASSOCIATION

On July 23, 1983, the 1983-84 S.G.A. participated in a student leadership summit sponsored by PUSH E.X.C.E.L. This Summit meeting took place in Atlanta, Ga. Present at the summit were student leaders from schools such as Howard, Cheney State, Morehouse, Florida A & M, and City University of New York. Some of the topics of discussion were networking within your state, Black College Day, and the need for a strong, national, Organization.

Zeta Phi Beta Sorority was organized at Howard University on January 16, 1920 with help given to the five founders by two members of Phi Beta Sigma Fraternity. As a result of this association, Zeta Phi Beta and Phi Beta Sigma became the first official greek-letter sister and brother organizations.

Since 1920, Zeta Phi Beta has grown to 500 undergraduate and graduate chapters in the United States and Africa. This growth is due to the sorority's efforts to promote its objectives of sisterly love, finer womanhood, scholarship and service.

DELTA SIGMA THETA SORORITY, INC. GAMMA TAU CHAPTER

Delta Sigma Theta was founded at Howard University, Washington, D.C., on January 13, 1913, by a group of 22 college women. These founders de-emphasized the social side of sorority life, and emphasized academic excellence, high cultural and moral standards among its members and dedication to community service.

Delta Sigma Theta held its 37th National Convention in Super City, Detroit, Michigan, August of 1983. The theme of the convention, "TOWARD YEAR 2000 — CHALLENGE, CHANGE, CHOICE." This theme has been exemplified by Gamma Tau Chapter through various community service and campus activities. These include the presentation of a \$1800.00 check to Macon County Council on Retardation and Rehabilitation Center (MCCR), which was obtained through Bucket Brigades and our First Annual Bike-A-Thon. Also, several scholarships were awarded, visitation to various nursing homes, a Halloween Party for children within the community and a clothing and food drive for Needy Families.

Delta Sigma Theta has never been stronger, our membership never higher, our service and contribution never more glowingly productive. The Sorors of Gamma Tau Chapter have worked diligently and will continue to accept the challenge to create a change to make the choice.

Alpha Kappa Alpha Sorority

Gamma Kappa Chapter

Founded in 1908 at Howard University, by twenty aspiring young women, Alpha Kappa Alpha Sorority still upholds the promise of "Service to all Mankind" and Scholarship and Leadership. Gamma Kappa Chapter which was founded in 1948, today exemplifies these and other goals which were stressed by our dear founders seventy-five years ago.

ALPHA PHI ALPHA FRATERNITY

1906 GAMMA PHI CHAPTER 1948

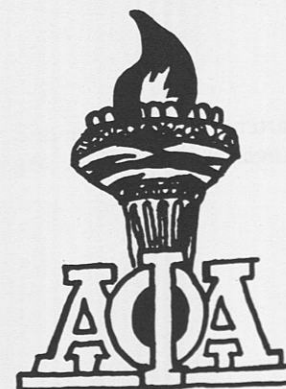

Founded in 1906, Alpha Phi Alpha was designed to bring black men, on predominately white college campuses together, and enhance their education through activities from black cultures. From this beginning, the fraternity has grown into an organization which endeavors to help blacks prosper.

The first organization founded on Tuskegee Institute's campus in 1948, Gamma Phi Chapter of Alpha Phi Alpha Fraternity, has produced campus leaders in each of its 35 years of existence. The major project of the year is the Mr. Magic Presentation, which is designed to raise funds for the Million Dollar Fund, C.A.R.E. (Co-operative for American Relief Everywhere), and the National Sickle Cell Fund.

American Society of Mechanical Engineers

A.S.M.E. represents an ambitious, sophisticated, modernistic group of engineers teaching for the peak in engineering professionalism. Tuskegee Institute's students section has organized a variety of activities to keep students informed, interested, and active in the engineering profession. (Dr. S. Jeelani, Advisor)

PI TAU SIGMA NATIONAL HONORARY MECHANICAL ENGINEERING FRATERNITY

The Tuskegee Institute Sigm Psi Chapter was founded December 1970 in order to foster the ideals in departmental activities, to promote the welfare of its members, and to develop in students of mechanical engineering the attributes for effective leadership. The members of Pi Tau Sigma-Sigma Psi strive for academic excellence while encouraging and assisting other students to do the same. (Dr. Benjamin Okeke, Advisor)

CLINTON T. PERRY JR.

The Brothers of Phi Beta Kappa Fraternity, Beta Kappa Chapter, would like to welcome to the campus the new students, the ad of Tuskegee. The brothers consistently in various ac the campus community. Crew" gave a Jam" at Grand on 3, which was success. We also

The organization which as founded on Brotherhood, Scholarship, and Service. planned for the year.

The Brothers Sigma would like thank the students of the Tuskegee community for its support of organization, because we young leaders tomorrow, are fighting for a better tomorrow for our people. The age is crystal clear, the real frat is here.

A few minutes with Carvel

Honors De Those of us tended the 10 Convocation recently, heard a distinguished speaker, Dr. Berry, (a member of the Board of Trustees) speak with high regard of Tuskegee's commitment to excellence and scholarship always been a vocate of scholarship and excellence. I thought the Honors dormitory campus was one.

However, no this idea has been a reality, I am beginning to question the planning that was done prior to the execution of the program. Those of us who are now residing in these dorms, (i.e. Russell C) received letters telling us how we were to have selected as residents these dorms, as we should take opportunity of quiet spaces were. Upon getting here, however, we found that we had taken for a ride again, by the administration who vocates scholarship excellence.

First no major renovations had been made to the dorms to make them more impressive than the other dorms.

(In fact, I'd rather live in E or F, at least their air conditioning works well and they have TVs). Some rooms had to be painted privately by their occupants, as they were found to be too dirty. I also maintain that the two buildings designated as honors dorms were the wrong choice.

Also, where are the computers and terminals that were promised to us? These are yet to be installed. Most occupants of these dorms are engineering and computer science majors, and these facilities are needed immediately. Several upperclassmen have voiced strong disapproval at these turns in events, as it was only for the computer facilities that they chose to live in these dorms in the first place. We also experienced two weeks of 'sauna' living. We are yet to feel the cool air of our air conditioning system, as all mine does is to provide a background hum in my room.

It seems to me that if these dorms are not fixed up the way they ought to be, then come next year, we'll have only honors freshmen and new students living in them. We, upperclassmen, the administration can rest assured, will not be taken for a ride a second time around.

Our Ombud's Person

By KELVIN MD WILLIAMS

An Ombud's person, what's that? Even I have to admit that an Ombud's person didn't bring to mind any recollection of any type of public or social officer here on Skegee's campus. That's until I met Ms. Katrina Baker, a native of Miami, Florida, and a senior majoring in Business Administration. She's a member of Alpha Kappa Alpha Sorority, Inc. Gamma Kappa Chapter, Vice-President of S.A.M., Club News editor of the Campus Digest and a constant helping hand with the SGA.

Katrina takes her work very seriously. Making up in her mind that this office position not only exposed one of her many qualifications, it would also put her in a position that she would really enjoy. She submitted a letter to the College Union Board stating her qualifications and why she was interested in being Ombud's person. After several weeks of waiting she finally received the word during final exams. Out of three finalists, she has been picked Ombud's person for the 1983-84 academic year.

Katrina has come into the office to set a new pace and direction so that other women may follow the same direction she has, and accomplish even higher goals. So next time you're in the College Union and pass by an office with a very attractive young lady in it dressed in pink and green, step inside, not only will you be confirmed that you've met a piece of paradise. You'll also see a very intelligent, caring young lady who has a lot more going for her than just good looks.

Defends yearbook

By Ms. LACHERYL BRINSON Editor-in-Chief

Dear Sgt. Miller: I am writing this letter in response to your irrational display of discontent with the 1982-83 edition of the Tuskeana Yearbook.

In regards to your approach, if you had a certain amount of dissatisfaction with the annual, the most mature course of action would have been to direct your comments to me or my staff personally. Circulating a vicious letter was a very undermining act. Your letter consisted of many very hasty generalizations, upon which you had no basis. For those such as yourself, who offered no advice, time or services, criticisms come easy. You ask why the Yearbook was late? People can make or break a tremendous endeavor such as this. When departments, and other organizations, etc. don't follow directions, submit monies, or meet deadlines, production is delayed.

In response to the question of color pictures, every school and department was sent a memo explaining the procedure for both b/w and color page reservations. It was then up to that department etc. to follow the corresponding instructions. Failure to do so was a gross oversight on your part, not ours!

Now getting to the core of your complaints, there were many reasons why the football basketball and tennis teams were deleted. First of all, they failed to make page reservations; in addition, they didn't submit any photographs

after repeatedly being asked to do so. In efforts to make accommodations for them, my staff and I waited until the very last minute before moving on, placing the book in jeopardy.

On the other hand, there was one comment which you failed to make and I feel it is my duty to bring it to your attention. There is a marked difference in the quality of the pictures of the ROTC queens, as opposed to the pictures of all other queens. It is evident that the women representing your department had their pictures taken by an amateur, and furthermore, I think the staff made a wise decision in selecting Hawkins Studio to take the queens' pictures. The pictures represent your failure to heed to my suggestion.

Sgt. Miller, contrary to your belief, my staff and I are very proud of the yearbook we produced. There were many instances in which we worked overtime, with no help, limited monies and no cooperation. Despite these obstacles, we came through.

I am sorry you feel as you do about my efforts. However, I question whether to value the opinions of a man who exhibited such immaturity. The next time you stoop so low as to "mud sling," I suggest you check your facts as to save yourself this type of embarrassing presentation presenting fictitious lies on erroneous information.

If you have any additional comments, please call them to my attention. I hope I have sufficiently put the matter to rest.

SNEA is welcome

The members of Student National Education Association would like to extend a hearty welcome to new and returning students. This year's organization will be of the following who will be happy to help:

President — Gregory D. Perry; Vice President — Clark; Treasurer — Rene E. Historian/Chaplain — Emmanuel Edum and Public Relations — Dwight Eberhart.

The organization will be performing many

functions this year, such as workshops and service projects within the School of Education and the Tuskegee community. The organization's first service project will be to provide tutoring for children in the Macon County School System. The organization will also be providing tutoring sessions for all Education majors who are required to take the Alabama English Proficiency examination.

We would like to wish all students the best of luck in their academic pursuits this year.

"Sugar Ray" Robinson was so called because a sports writer called him "The sweetest fighter...sweet as sugar."

By DARLENE MINNIEFIELD Editor-in-Chief and JENNIFER JONES Business Manager

Greetings We the Yearbook Staff, would like to welcome the Class of 1987, upperclassmen and the administrative staff back to a very prosperous and productive year. We are looking forward to your full cooperation.

All students interested in becoming a member of the Yearbook staff, please come by our office, which is located in the College Union. We are looking forward to your full cooperation.

Tuskeana sends greetings

LEAD THE PEOPLE WHO'VE JOINED THE ARMY.

The people joining today's Army are better educated and more highly motivated than ever before. Which makes the job of leading them more challenging than ever.

If you're looking to develop your leadership potential, check into the college program that can give you the training you'll need, Army ROTC.

In the Army ROTC program, you'll learn how to manage people, money, and supplies. You'll also receive up to \$1000 a year for your last two years of college.

But the most rewarding part is you'll graduate with both a commission and a college degree, and start leading the people in today's Army — which also includes the Army Reserve and Army National Guard.

For more information, contact Professor of Military Science, Tuskegee Institute.

ARMY ROTC.
LEARN WHAT
IT TAKES TO LEAD.

WISHING ALL
THE STUDENTS OF
TUSKEGEE INSTITUTE
A VERY PROSPEROUS
YEAR AHEAD

JAMES BALDWIN (b. 1924)

James Baldwin is an American essayist, novelist, and playwright whose birth and rearing in Harlem made a dynamic impact on his later years. He became a preacher at age 14 but abandoned the church at the age 17. He received his education in New York City schools and graduated from De Witt Clinton High School in 1942.

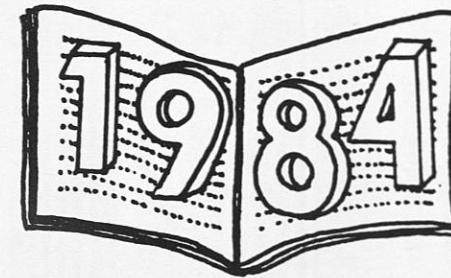

Editor of his high school's literary magazine, by 1946 Baldwin had published a book review in *The Nation*. Since that time he has written several publications and received many distinguished awards and fellowships. His work has been translated into Danish, French, German, Italian, Japanese, Swedish, and other foreign languages.

Baldwin's works reveal his sensitivity and alertness to the needs and feelings of the black community and other minorities. His fiction works include the books *Go Tell It on the Mountain* (1953), *Giovanni's Room* (1956), *Another Country* (1962), *Going to Meet the Man* (1965), *Tell Me How Long the Train's Been Gone* (1968), and (more recent books) *If Beale Street Could Talk* and *Just Above My Head*. Proof of his skills as an essayist are found in four noted volumes: *Notes of a Native Son*, *Nobody Knows My Name*, *The Fire Next Time*, and *The Devil Finds Work*. His plays include *The Amen Corner* and *Blues for Mr. Charlie*.

In 1943, Baldwin lived in New York's Greenwich Village, where he worked various odd jobs and continued his writing after high school. Only half a decade later, disillusioned by by racism in the United States, he went to Paris and lived there for several years. He returned to America, however, to become an ardent critic of racism and discrimination, but returned to Europe to divide his days between southern France and Istanbul.

Old things are passed away; Behold, all things are become new 2 Cor. 5:17

"Transition" is a universal term. Whether we hail from Budapest or Birmingham, we all endure day to day changes which either make us or break us. We can only ask that the changes arrive on a blanket of clemency, but we can never demand that they cease.

Perhaps we have not yet had our fill of all those empty comparisons of this age to Orwell's 1984. What this world will become lies far beyond prediction. It will be the culmination of the feelings, the desires, the wishes and aspirations of billions of individuals.

It is my belief that this is not a bleak time. It is not dismal nor harsh, for to say so is also to say that our existence as Tuskegeans makes no difference to this institution or to this world. Our forefathers' efforts were backed by optimism that tomorrow would yield bigger and better fruit. We are that fruit and, thus, the hope of this world.

If registration and standing in line, or eating food that does not appeal to your taste is the worse thing that has happened to a student, then there is every reason for me to believe that things will get better by and by. We have had our deadlines, we've sweated and burned the midnight oil; but in the final analysis, we can truthfully say, "We made it." That's what this institution is all about: allowing us an opportunity to say those words.

I would like to take this time to thank those very special persons who have helped to make this issue possible: Mrs. Barbara Johnson, Director of Publications, for her support throughout this effort; Jennifer Jones, Tuskeana business manager; Ms. Janie Carlisle, secretary, Public Relations; Mr. Walter Scott, campus photographer; Mrs. Dorothy Conley, Registrar; The Minniefield Family, especially my mother Rosie; Renwick Farmer, Tuskeana photographer; Matthew Webb; Steve Davis; Mrs. Louise Beacham, Director of the College Union; and Frank, Patrice, Karen, LaCheryl, Kim, Bill, Debbie, Dot, Franklin, and the many others.

Special thanks to God for his guidance and inspiration in my life, because without Him I am nothing. Special thanks also go to Mr. & Mrs. Arthur L. Woodson, my roommate Brigitte, and Mr. Jerome Saint Jones, Information Specialist.

Best wishes to all and may God bless.
