## Looking Into The Eyes Of Tuskegee

On August 16, 1990, the summer break ended and students were urged by their parents that it was time to return back to "Skegee". There were thoughts within their minds to go back to sleep while the professors spoke about the syllabi, books and other tools needed for classes. As time progressed students feared registration but after the first week everybody was ready to start the school year. Seniors were looking forward to graduation, juniors were anxious to become seniors, sophomores had finally caught on to what college life is all about, and freshman were trying to figure out what happens next. Finally, everyone decides to wake up and take a look into the Eyes of Tuskegee.

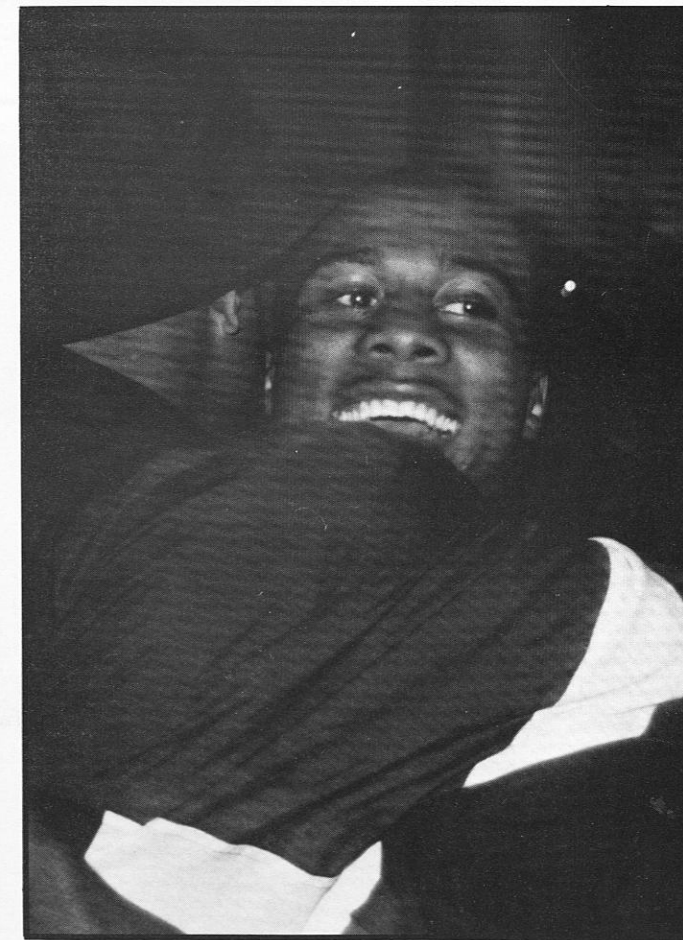

Sam Upshaw is not ready for the new year.

Some students do not look forward to registration and can't wait until it is over.

Robin and Yolanda are ready to start their Freshman year.

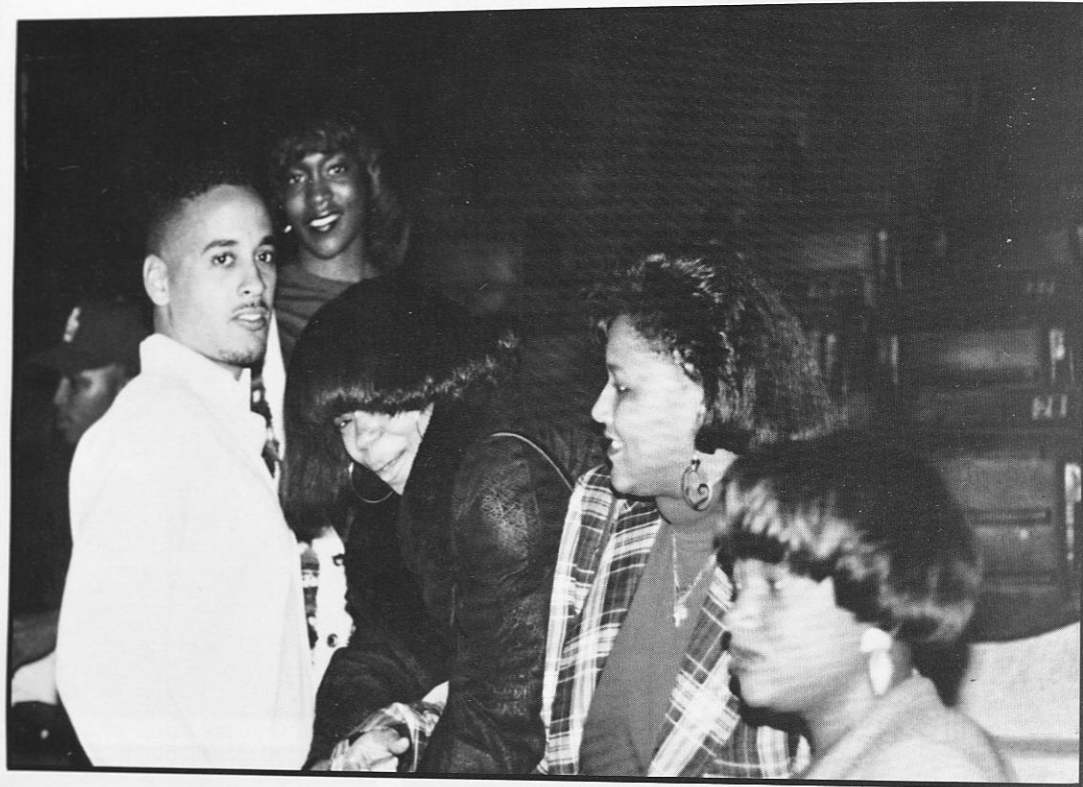

Scooby can't wait to hit the field.

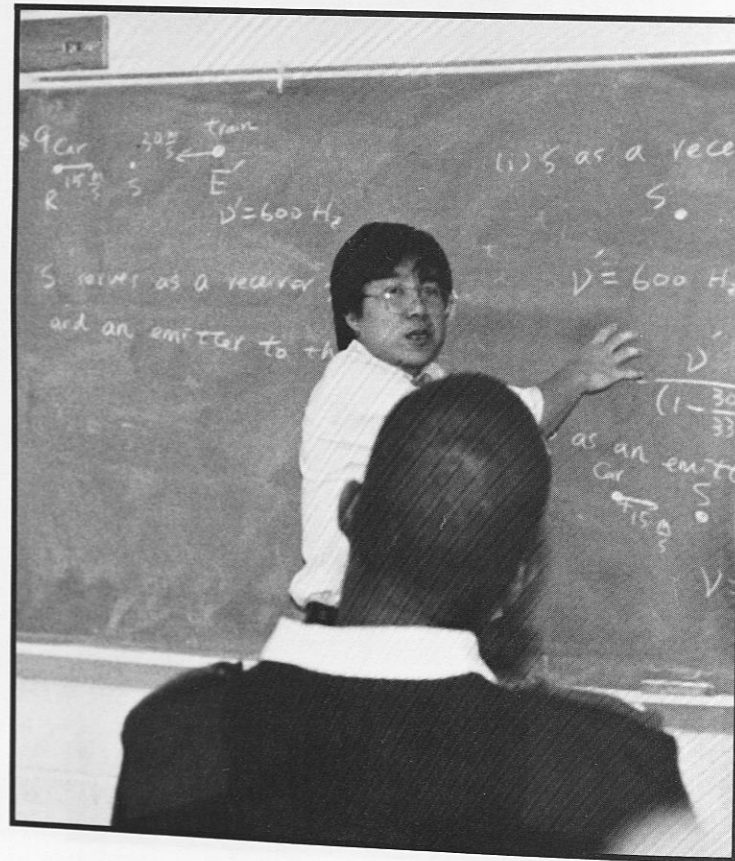

Students are trying to figure out how Skegee operates.

Hey Phil! We caught you red handed with all the girls.

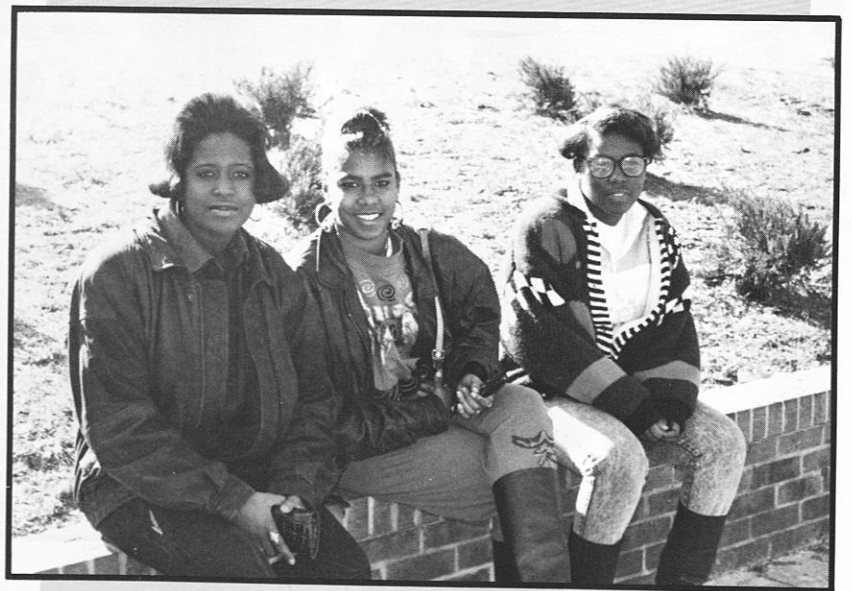

Vernique takes time out to get her lesson.

He is showing students how fun learning can be.

Time to break for class!

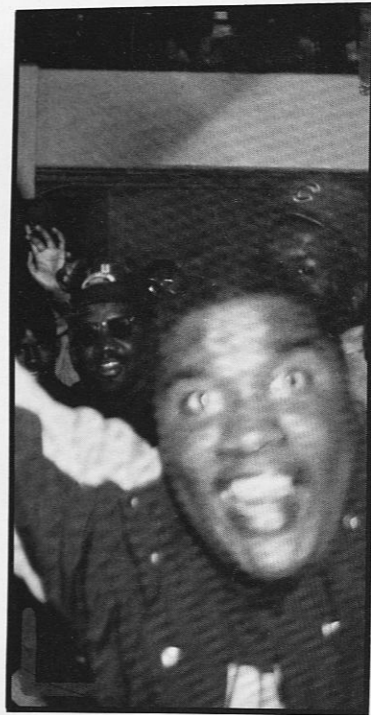

Kimmine and friends chillin' on the yard.

At Tuskegee University the students, faculty, and staff take pride in Skegee and makes sure that Skegee stays on top of everything. Another year has started and we all look forward to meeting new friends, gaining more knowledge and acquiring more wisdom through experiences we will encounter. By looking into the eyes of Skegee, you will see things that you could normally only imagine. Don't Blink, you might miss something.

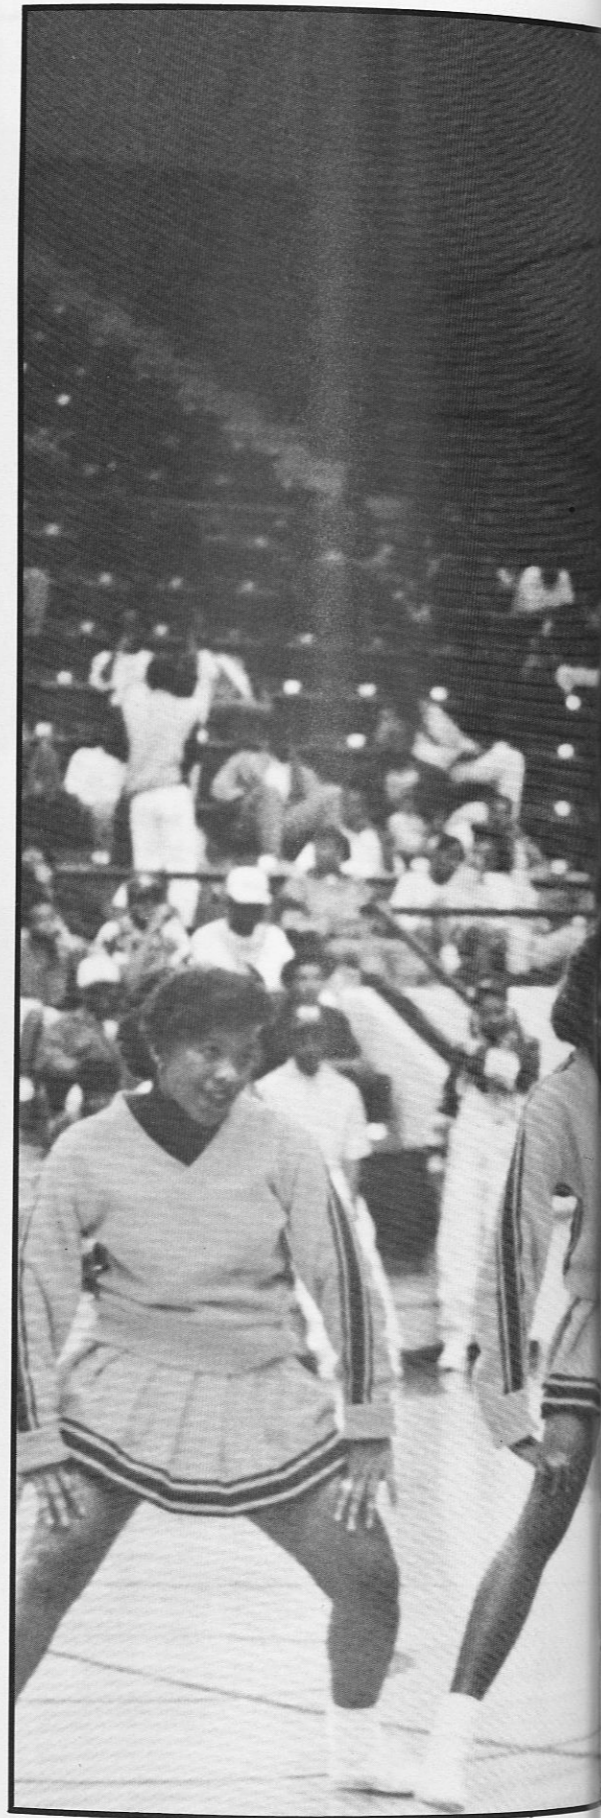

I wonder what's on Tanya's mind?

Football players get hype for the pep rally.

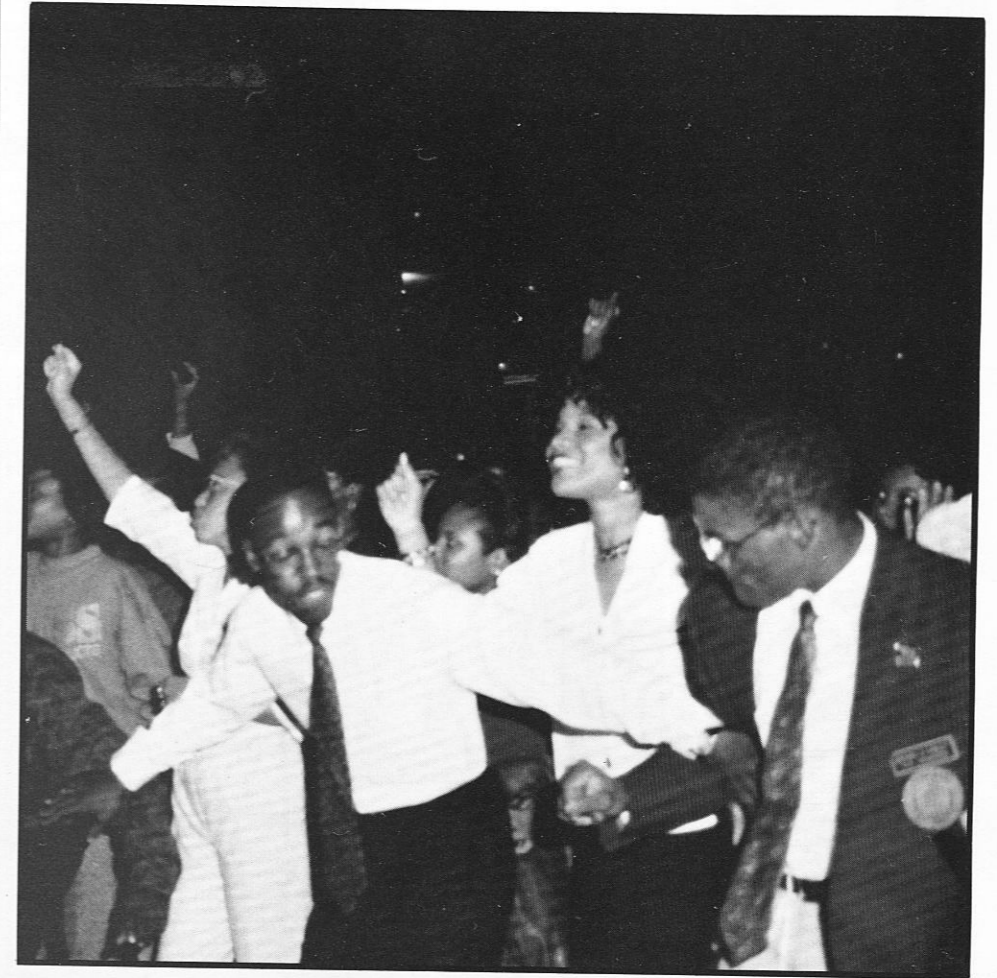

Smile, you're on candid camera.

Pom-Pom squad concentrates on their half-time routine.

Jammin Skegee style!

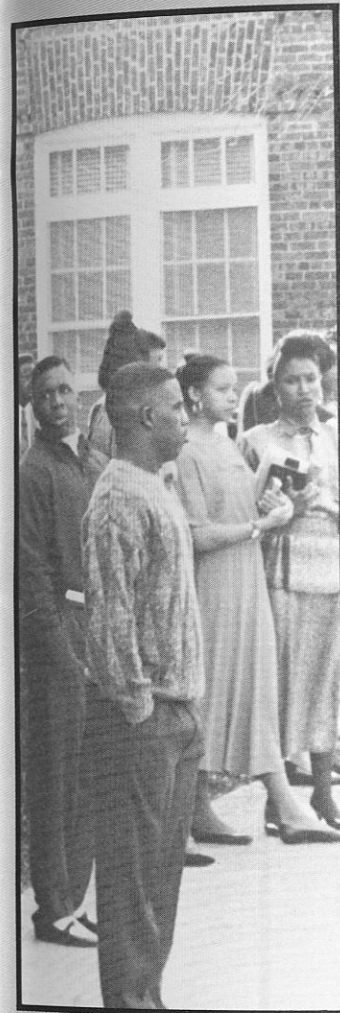

At the end of each week the students at Tuskegee University can't wait until class is over so they can get into the school spirit. Most of the students at 'Skegee enjoy football and basketball season because the spirit, pride, and enthusiasm is shown within the student body. The cheerleaders, band, softball, and basketball players get everyone on their feet to get in the spirit. Even the Fraternities and Sororities get into the festivities as they brain storm on where to have their parties. After all the hard work and preparation is done, each week turns out to be a success and lots of fun.

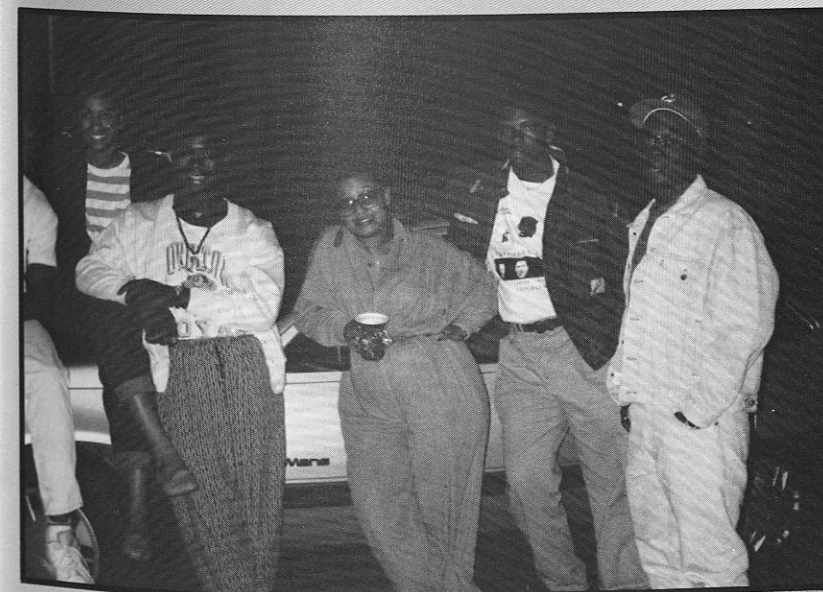

Everyone enjoys going to the chapel services.

The students at Skegee enjoy kicking it after hours.

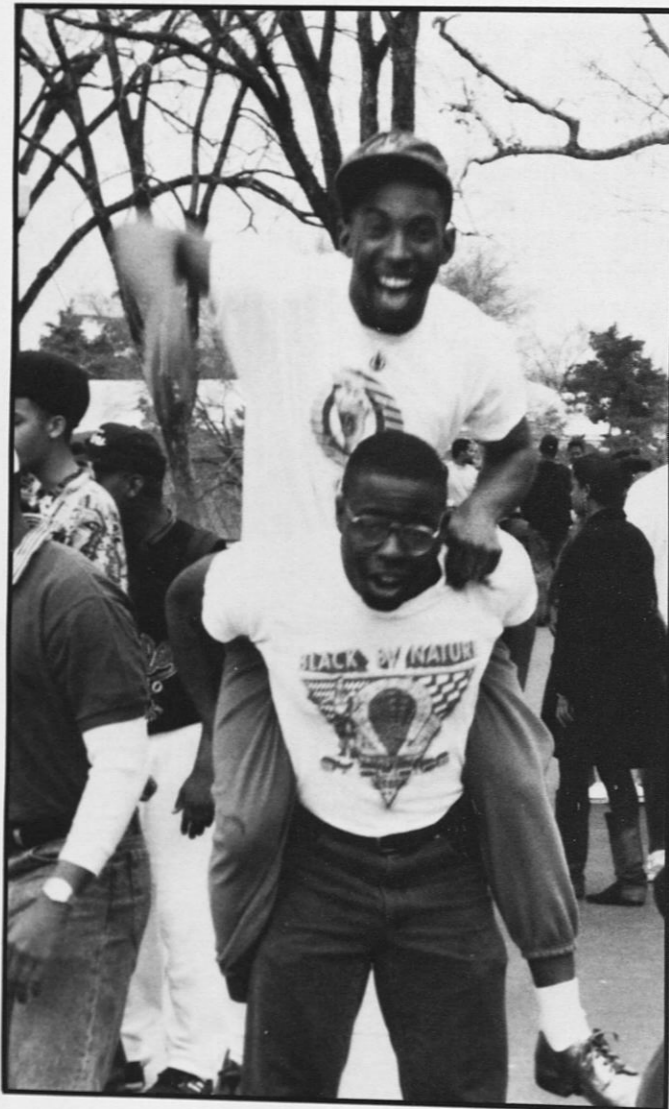

## Campus Life

Campus Life on Tuskegee University's campus is filled with laughter, fun, parties, learning and trials. We all have fun, but we are also aware when the time comes to buckle down and study hard. Because Tuskegee, Alabama is such a small town, there isn't much for students to do outside of school activities. Therefore, whatever we do, we do together. Togetherness is the key to having an exciting campus life. We are there to congratulate each other, support each other, boost each other's spirit and pick each other up when we fall. Through all of our achievements and tribulations we are one big happy family.

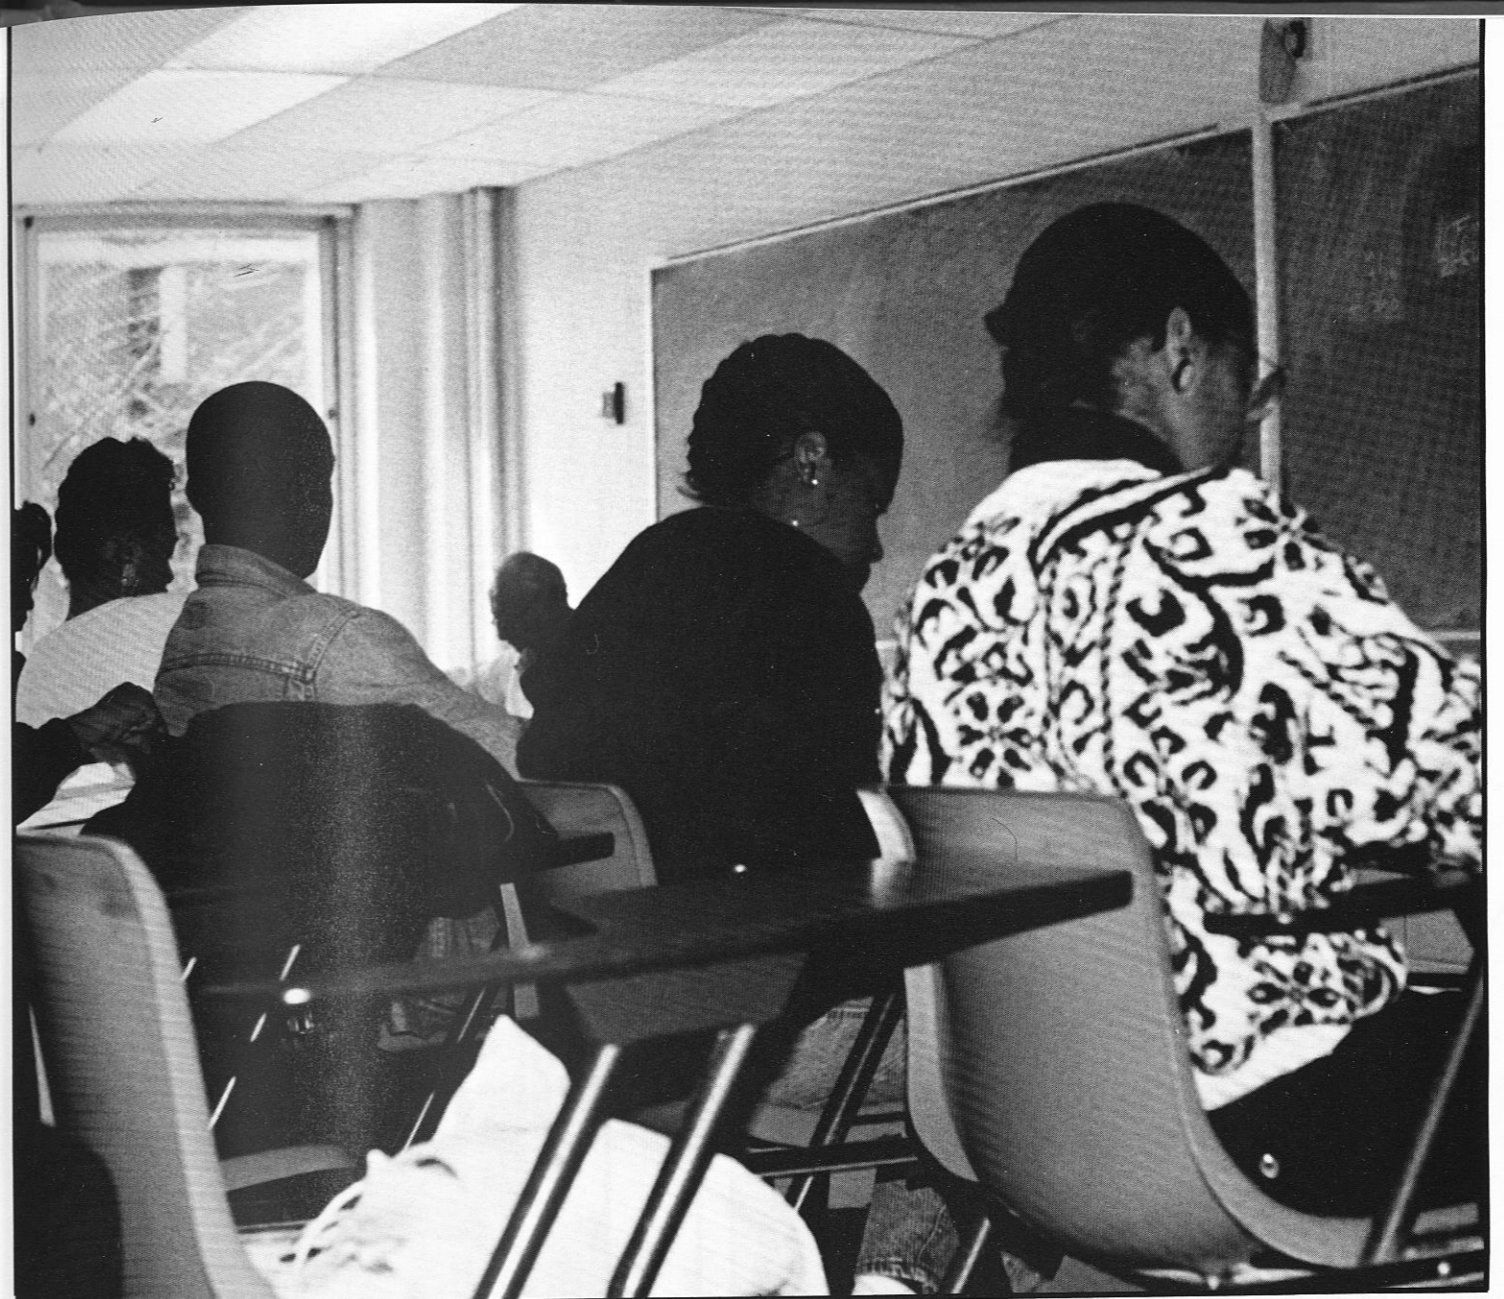

Carlos and Brian, always clowning around.

"Lift every voice and sing."

Friends for life.

Trying to make the grade

*This is What College Life Looks Like On The Campus Of*

## *Skegee*

College life at TU can be fun once we get involved with other students as well as studies. College does have its advantages

and disadvantages, however, it can be challenging while we take on different tasks.

As the years progress, college becomes more difficult. Sometimes, we sit and wonder if we will

even reach our goals. But, we remember to stay focused when college life gets rough.

# Skegee Homecoming '90

One of the biggest and most exciting events of the school year is Homecoming. This year was no exception. School spirit filled the air as Tuskegeesans young and old came together to celebrate the existence of Tuskegee University. What we as students must not forget is that Homecoming means just that — the coming home of Tuskegee Alumnus near and far. The parties and special events are extra activities that are added to make the week more exciting. So let us not forget our alumnus who have achieved the goals that we are striving for. They are our role models and we should look up to and pattern our lives after them.

Booker T. Washington's grand-daughter speaks at our Homecoming game.

The football players hype themselves before the game.

"Today" performs in concert at Homecoming '90.

The girls are getting ready for the parade.

Greetings:

It seems like only yesterday I was walking the campus and talking to people in an earnest attempt to making my dreams of becoming "MISS TUSKEGEE UNIVERSITY" come true. Thanks to a great many of you, I wore the crown proudly. My reign as Miss T.U. was filled with many obstacles. Yet with my faith in God, the assistance of many friends, and the deep love that I have for this University, I hold my head high and can only hope that I didn't let anyone down.

My heart goes out to the next "MISS TUSKEGEE UNIVERSITY." I wish you the best of luck, and remember to take everything one step at a time.

Farewell Tuskegee University — my alma mater and my friend.

Sincerely yours,

Kimberly Draper

Tuskegee University

Being away from home is not all fun and games.

## Making The Grade

Learning how to use a computer is fun

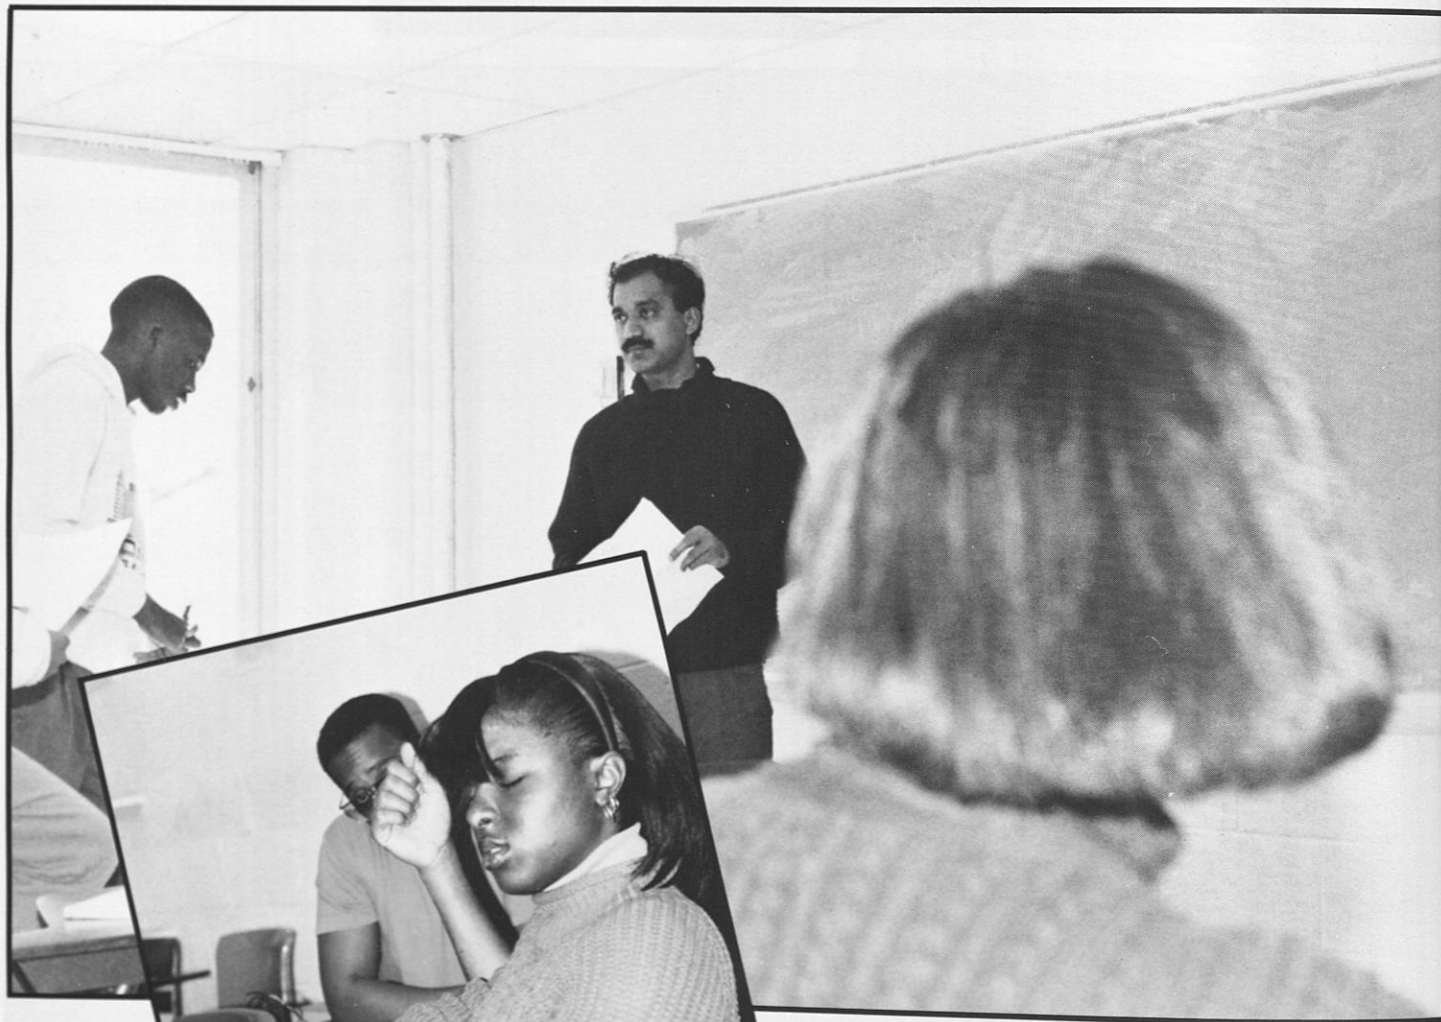

Dana can't wait to put her mind to the test.

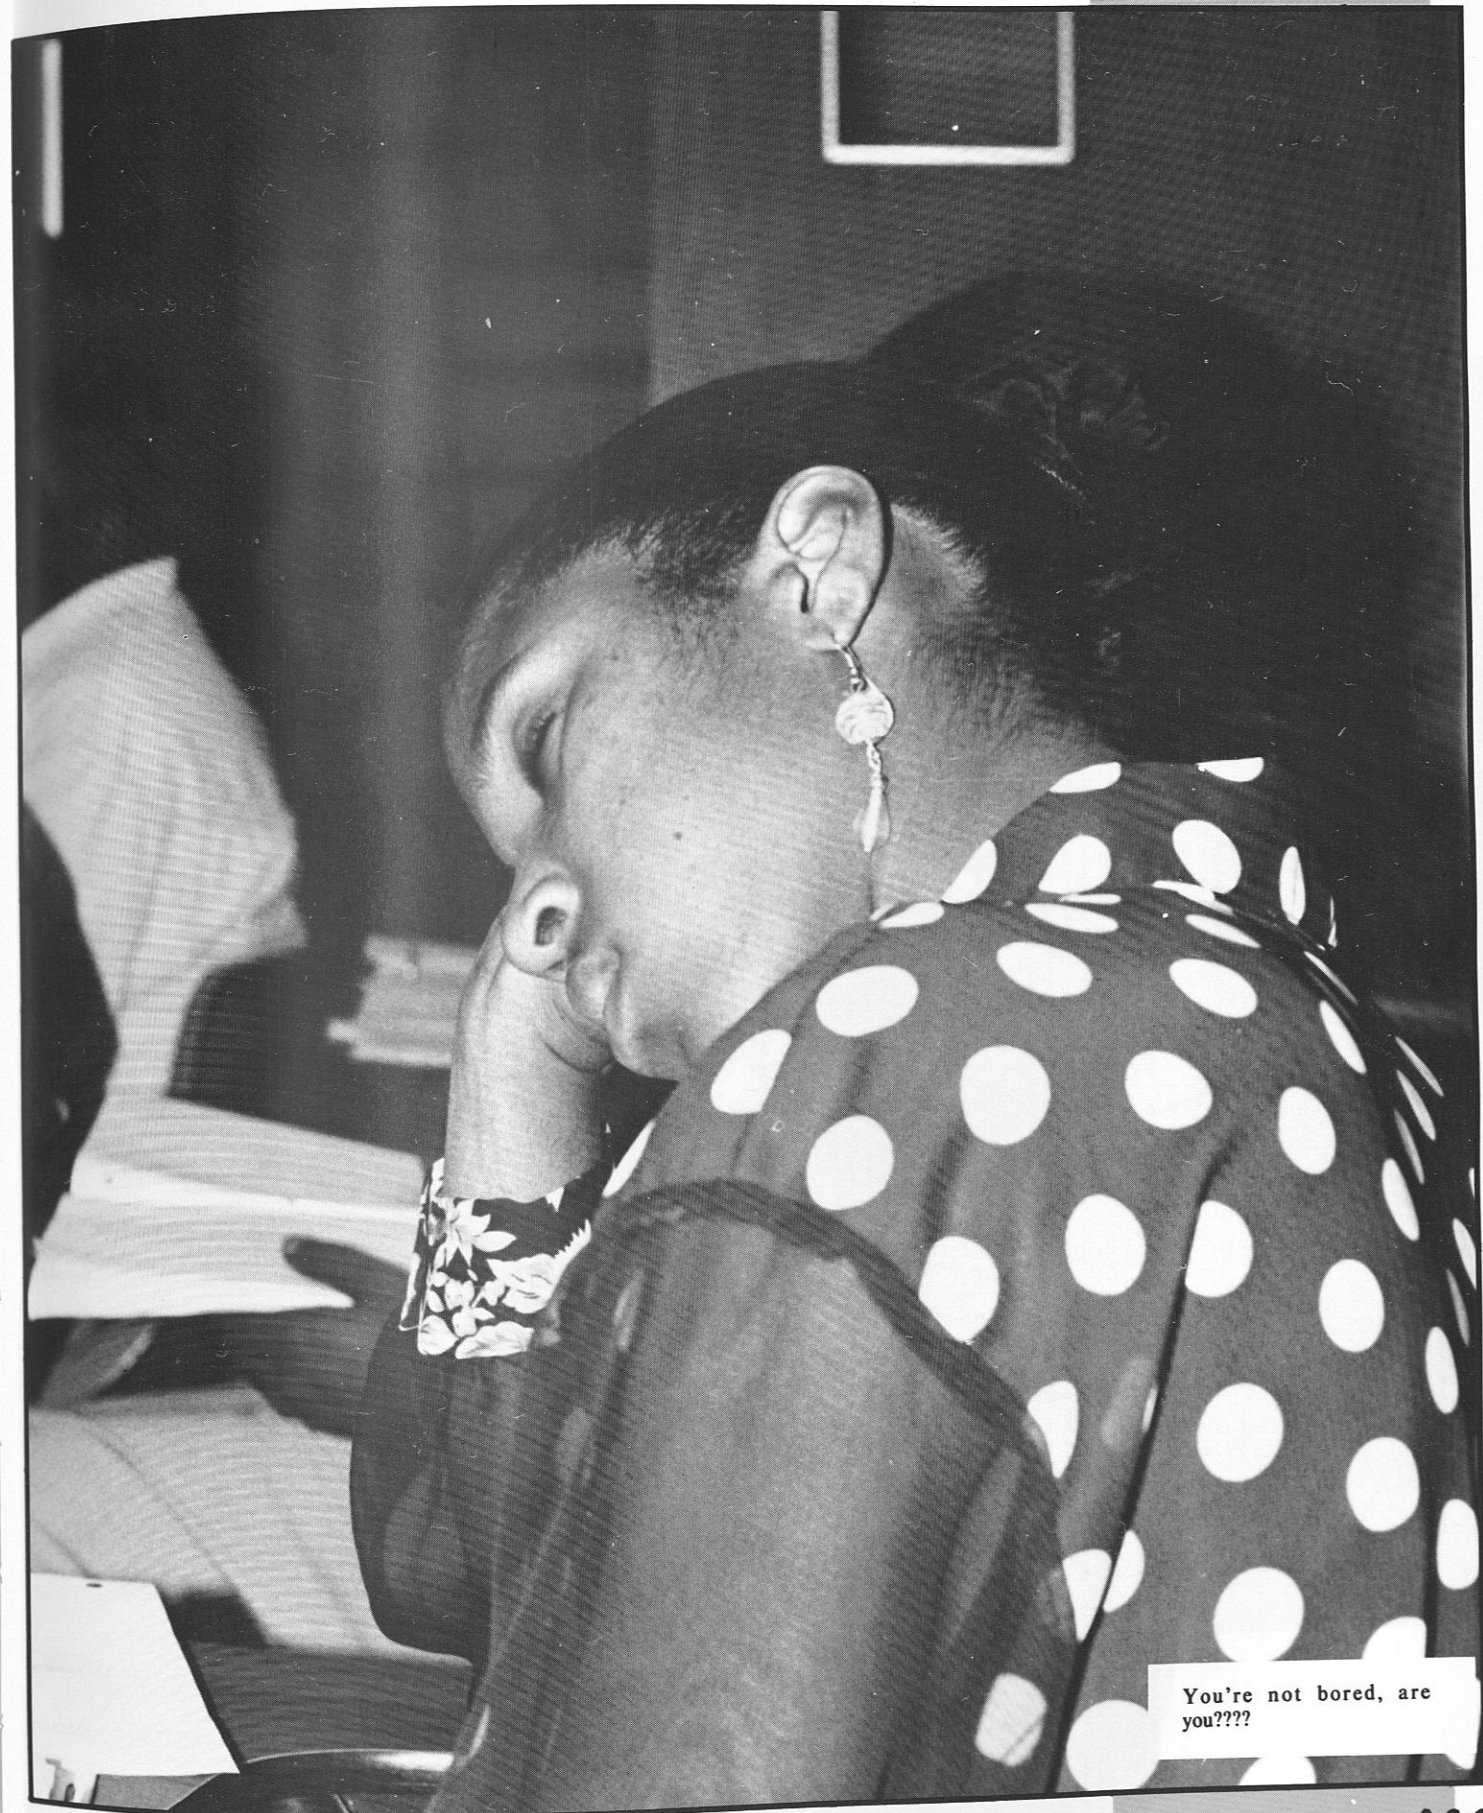

## Looking Into The World Of Academics

Academics is the main reason why we are in college. The higher we go in our classes, the more knowledge we will gain. Although the other activities we are involved in are learning experiences as well, we must remember to keep our minds focused because Tuskegee is best in putting our minds to the test.

She is very tired from all that late night studying. Teachers get involved in the learning process with the students.

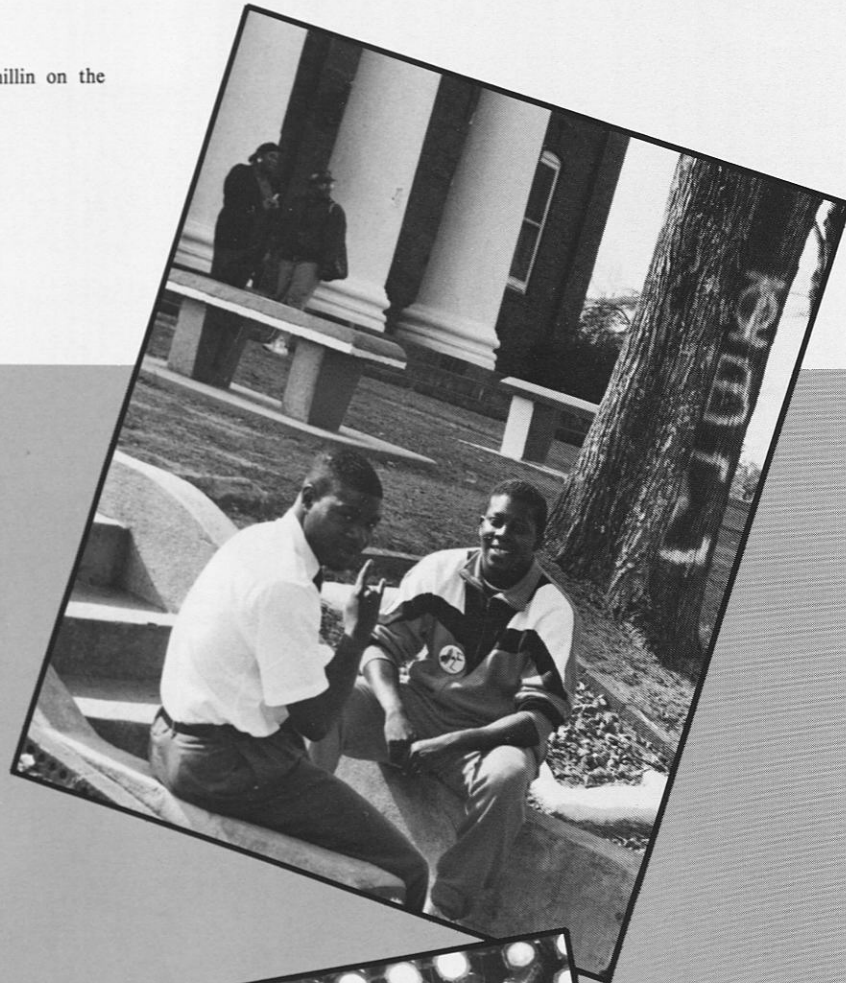

You're not bored, are you????

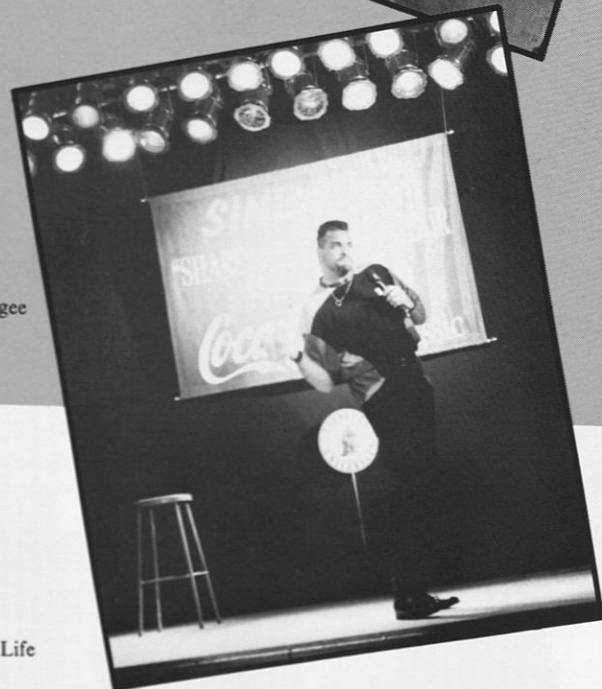

# Into The Spirit At Skegee

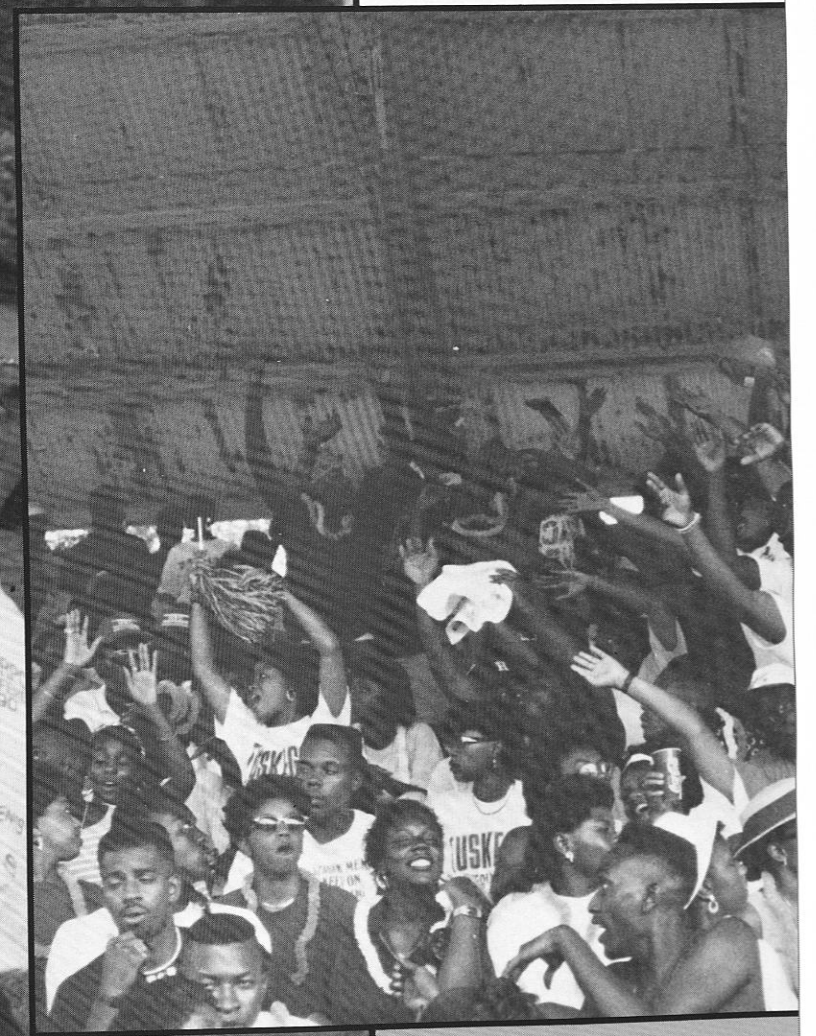

The Sigmas chillin on the  
yard

Sinbad in concert at Tuskegee

Students enjoying the T.U. picnic.

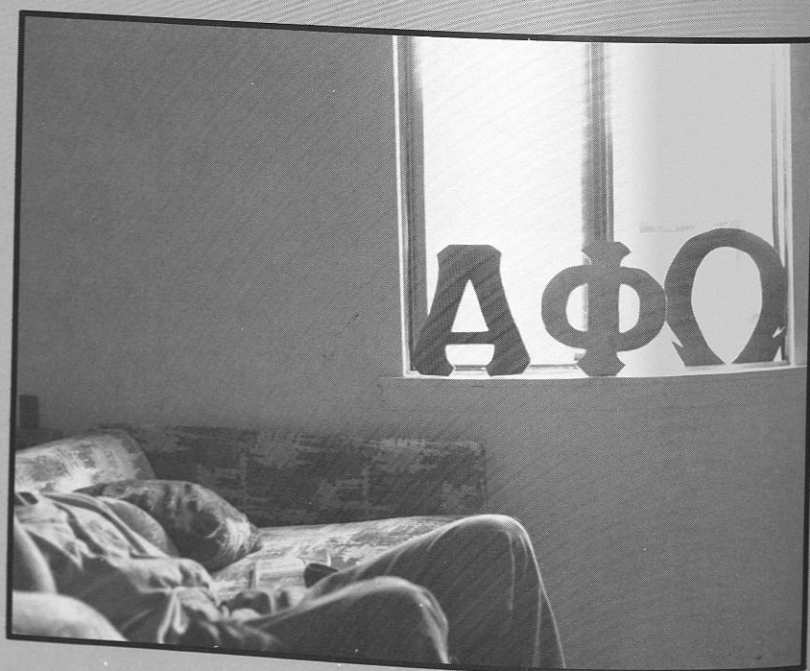

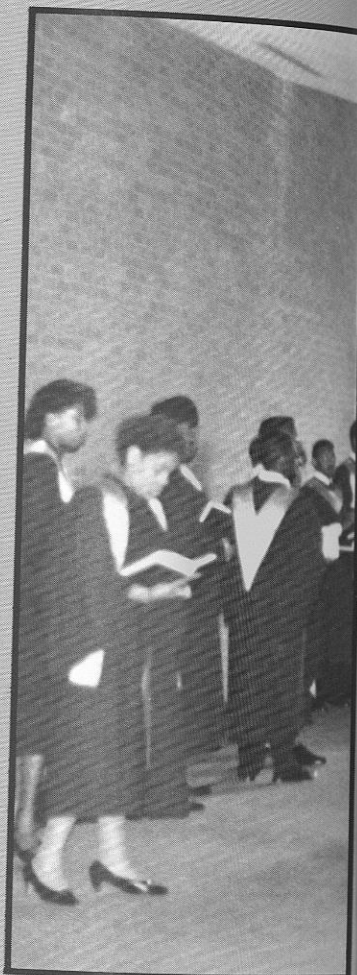

Catching the wave at the football game

# Clubs & Organizations

Life at Tuskegee is very fascinating. One big aspect of student life is the role that the various clubs and organizations, on campus, play in the lives of the students. Campus organizations provide valuable experience, in one way or another, to those who participate. In addition, the activities that these organizations provide form the center of social life here at Tuskegee featuring everything from thought provoking forums and debates to stepshows and of course, PARTIES!!!

# Tuskegee University

Founded by Booker T. Washington

Tuskeana

Dear Fellow Tuskegeans:

This has been a gratifying year for me. I feel honored to have been chosen editor for the Tuskeana.

I experienced many new aspects of the "Tuskegee Experience" during this memorable year. I have attempted to capture every one of these aspects here on the pages of the Tuskeana.

The dedicated staff and I have worked hard to bring you the best yearbook ever and we hope you enjoy the results.

### UNFORGETTABLE HEROES

Although, we may not know exactly what you have been through our hearts are filled with joy and happiness because we all love you.

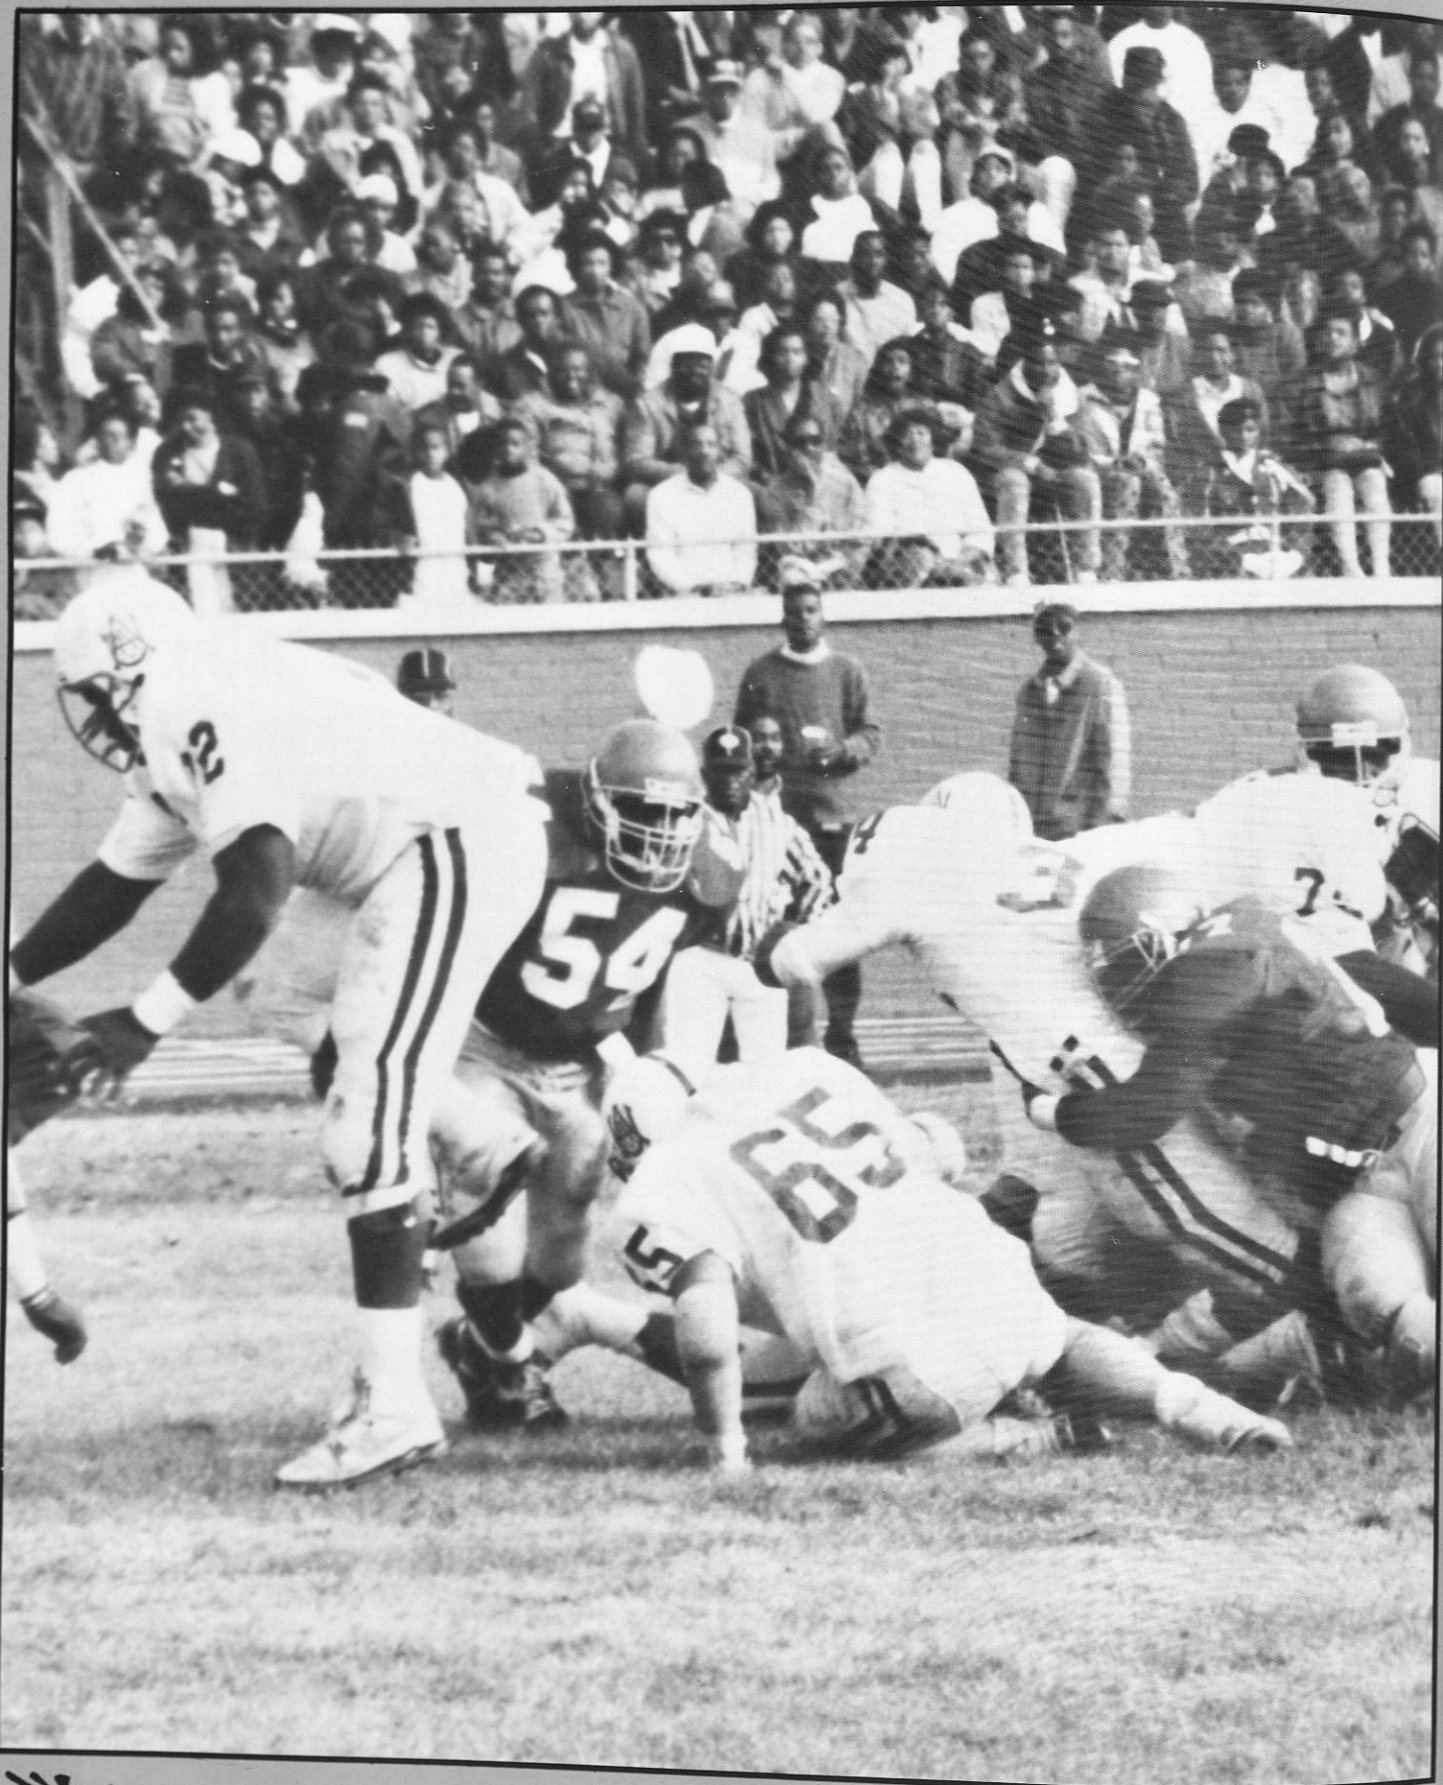

The roads were rough and times were hard, but you were never alone; Those of us who missed you so simply looked forward to you coming home.

And now that you are back, Unforgettable Heroes, we want you to always remember, that no matter how much we rage and fuss, You Mean the World To Us!

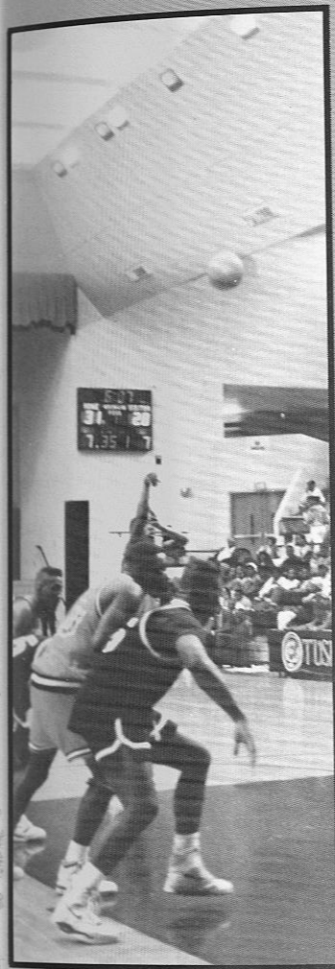

In August of 1990, thousands of American soldiers were deployed into the Persian Gulf to protect the country of Saudi Arabia and to end the Iraqi occupation of Kuwait. Among those bravely serving in defense of world freedom, at great personal expense, were thirty-four (34) men and women enrolled at Tuskegee University.

In serving our country, these students knew that they had to pay the highest price for freedom — themselves. To them we are proud to dedicate the Tuskeana 1990-91.

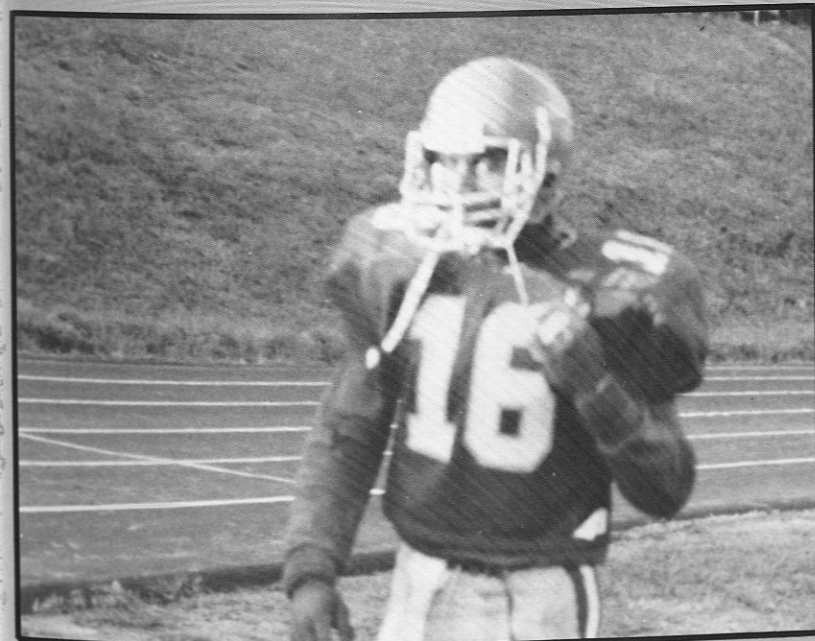

In the hoop.

Check me out.

# Athletics

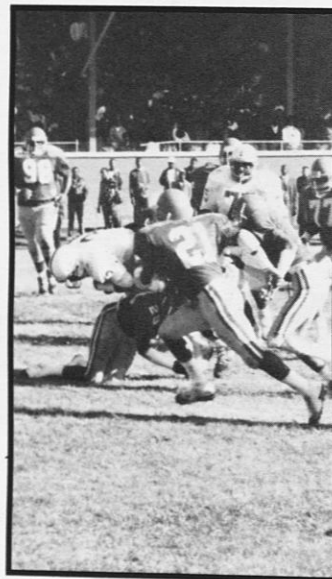

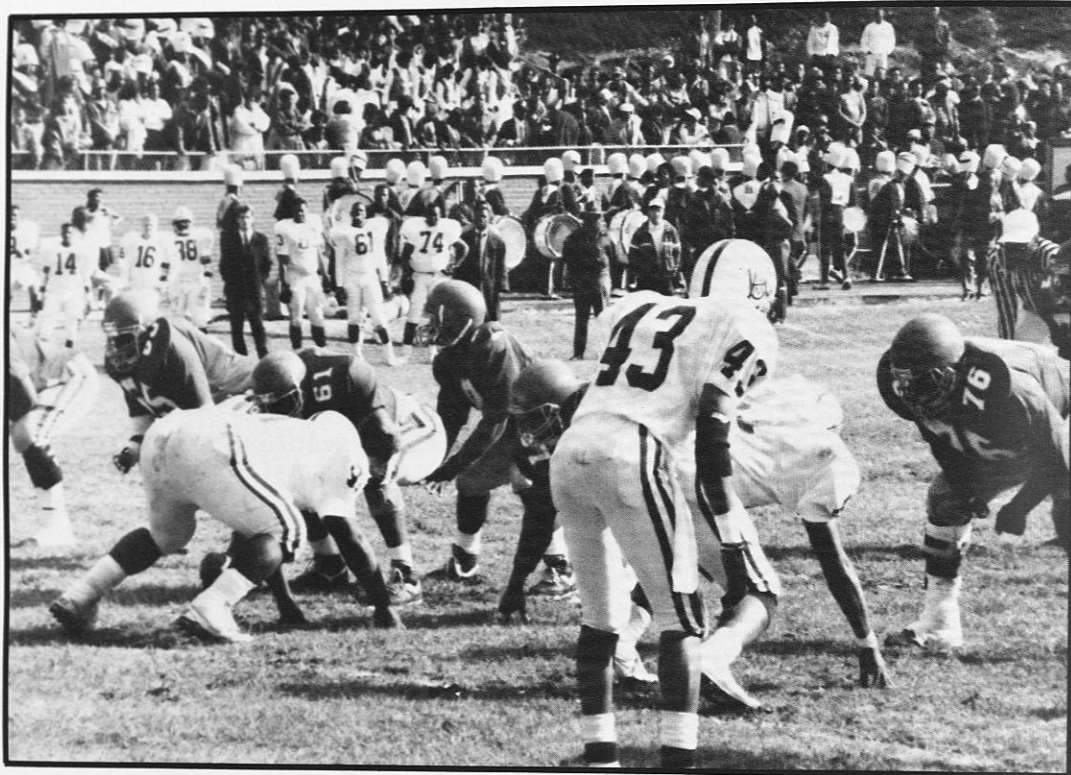

Everyone at Tuskegee starts the year off looking at the football team and with hopes that this season will be a winning one.

As the season goes on we get ready for basketball. We all wish that they have a successful season. All in all Tuskegee sports are enthusiastically supported by the student body.

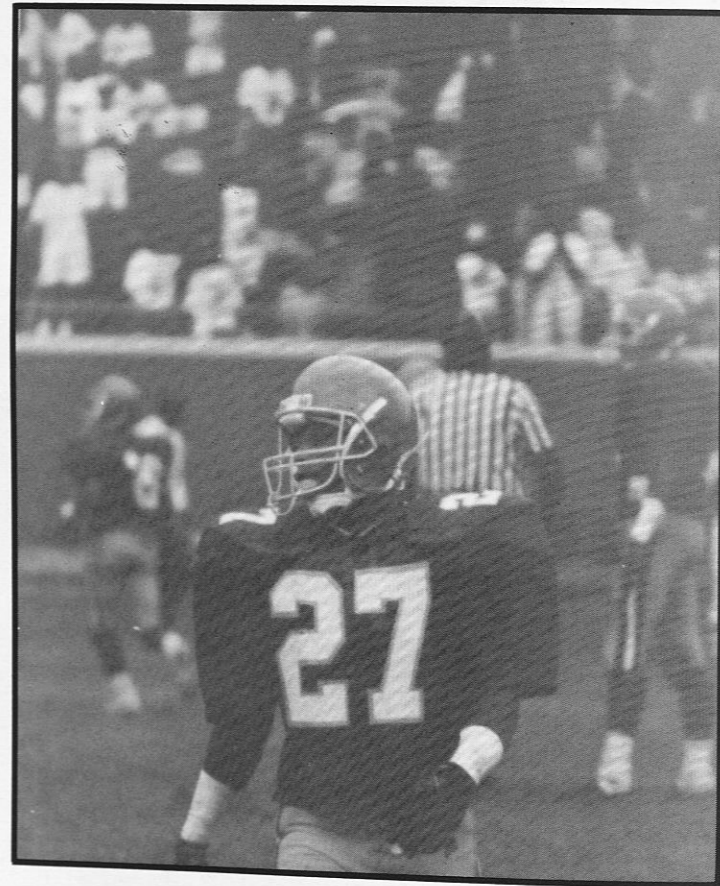

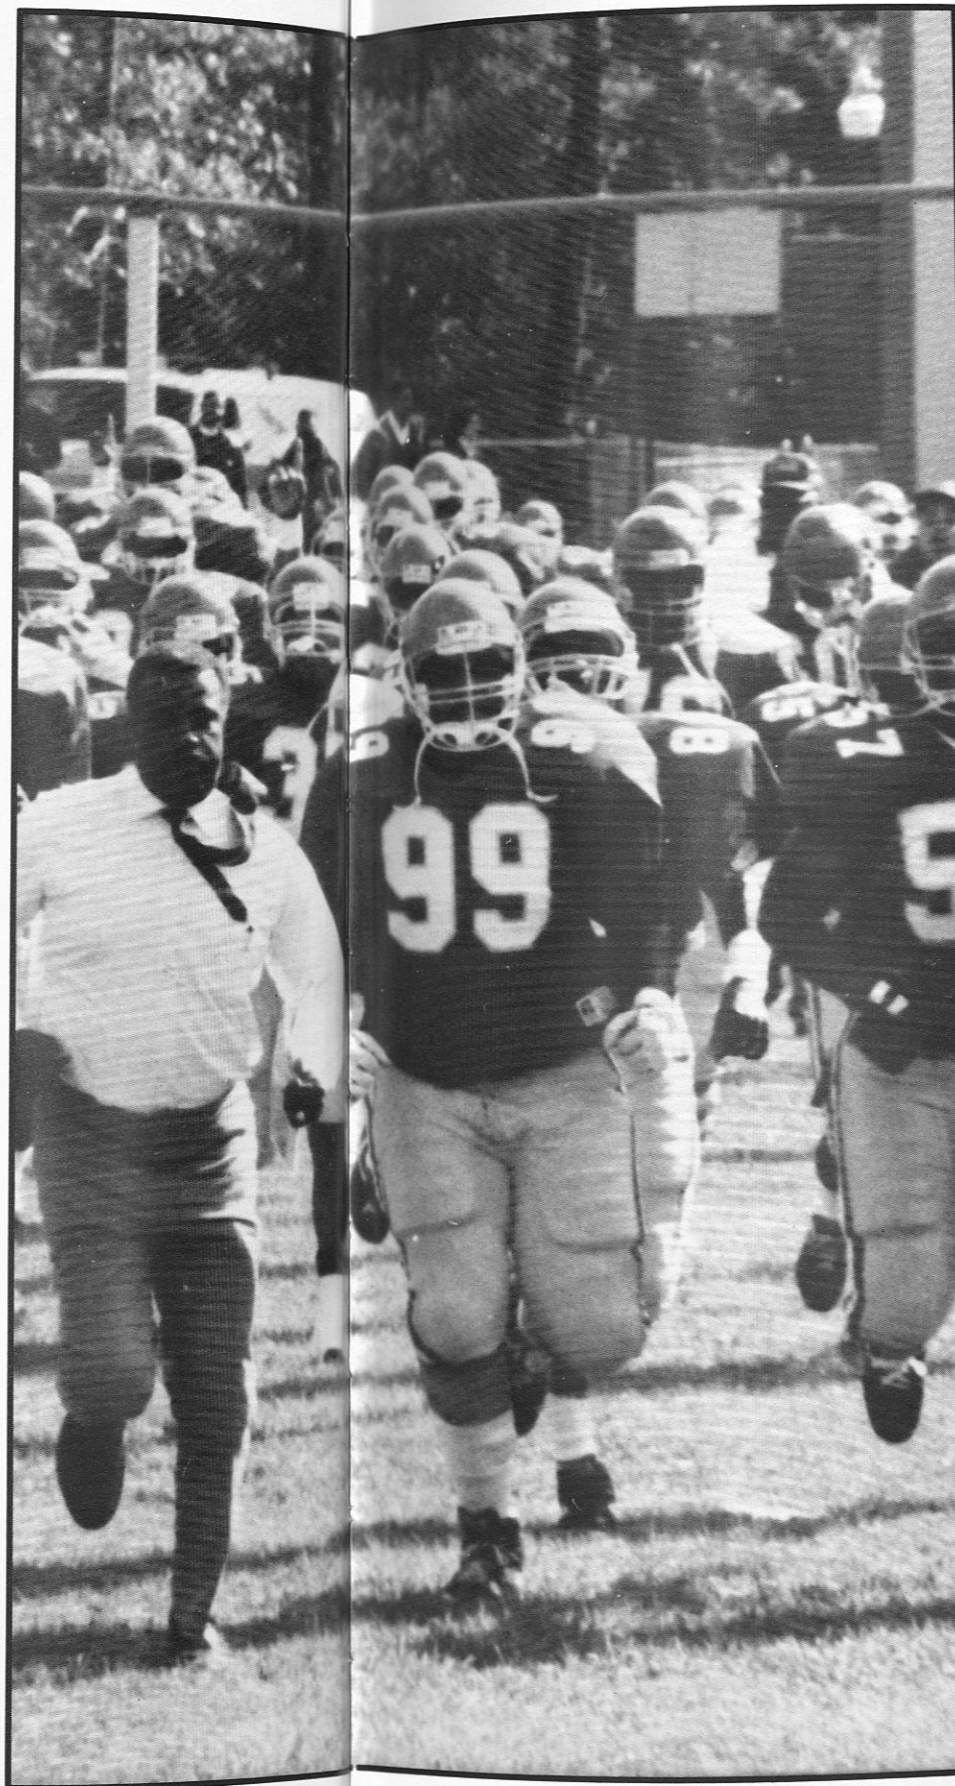

Ready to make a Touchdown

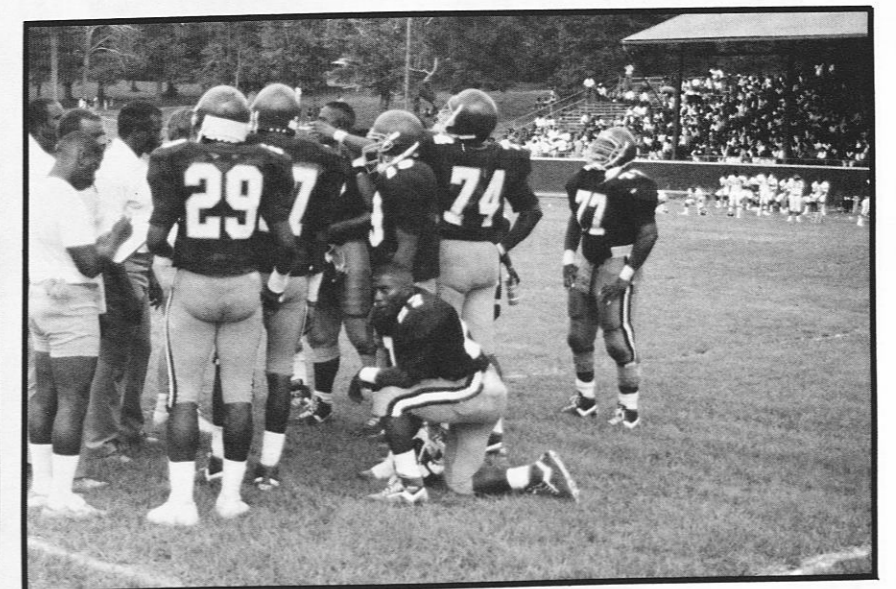

Struggling to win

Boy! What a nice kick.

Ready or not, here we come

Scooby takes a rest to listen.

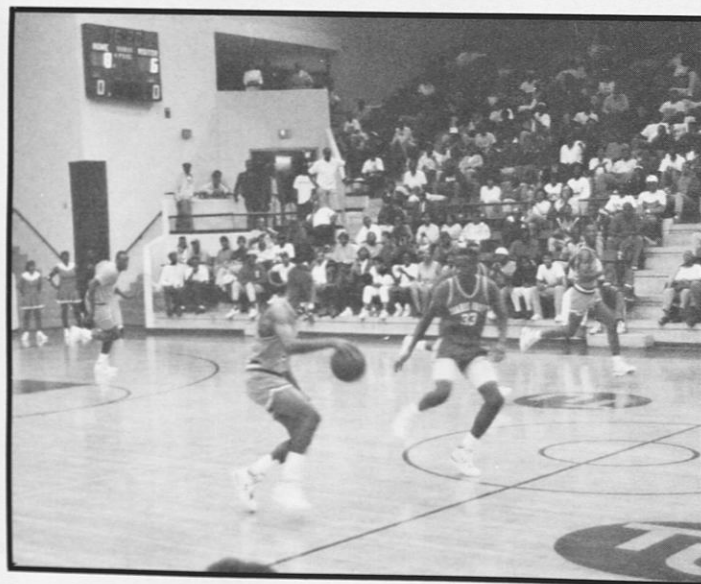

## Eye Of The Tiger

The Golden Tiger football team had a very, very, exciting season this year. All of the long hours of practice and hard work really paid off for the Tigers. This year Skegee experienced the thrill of victory and at times the agony of defeat. In both cases Tiger Spirit and Pride prevailed and Skegee excelled through it all producing an overall exciting year.

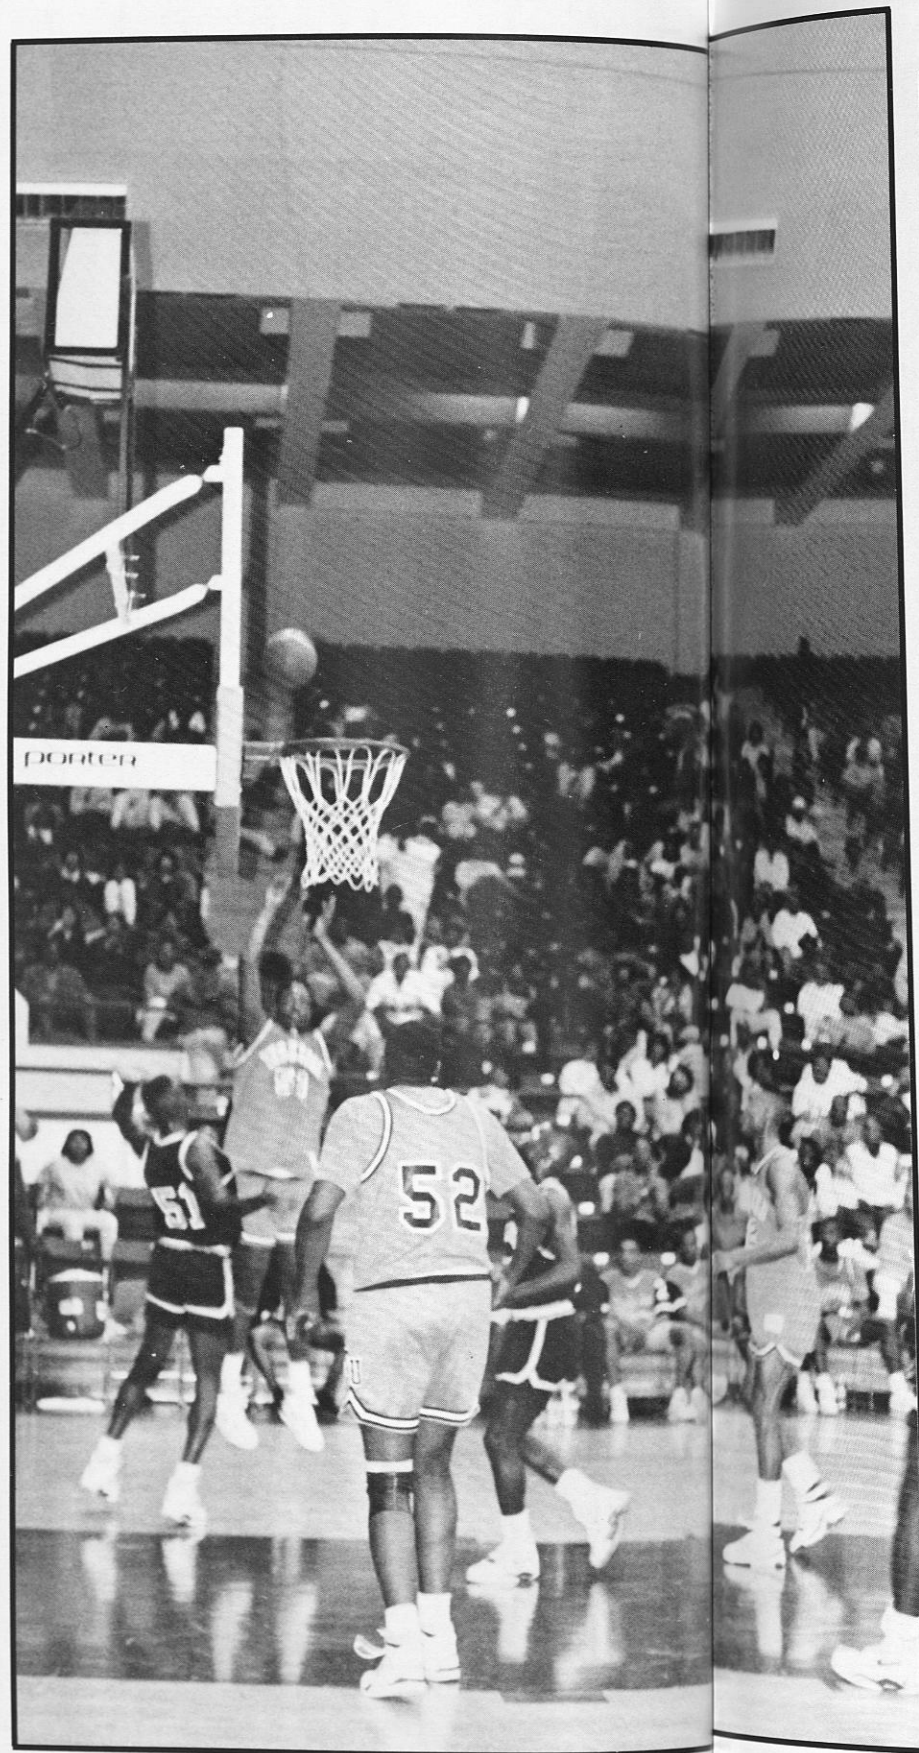

# Slam Dunk

WHOOSH! The quite sound of a basketball sailing through the air and sinking neatly into the hoop became a familiar one throughout the Tigers outstanding season this year. With grace, dexterity, skill and team work, the 1990-91 T.V. basketball team did exactly what they do best. — WON!!!!

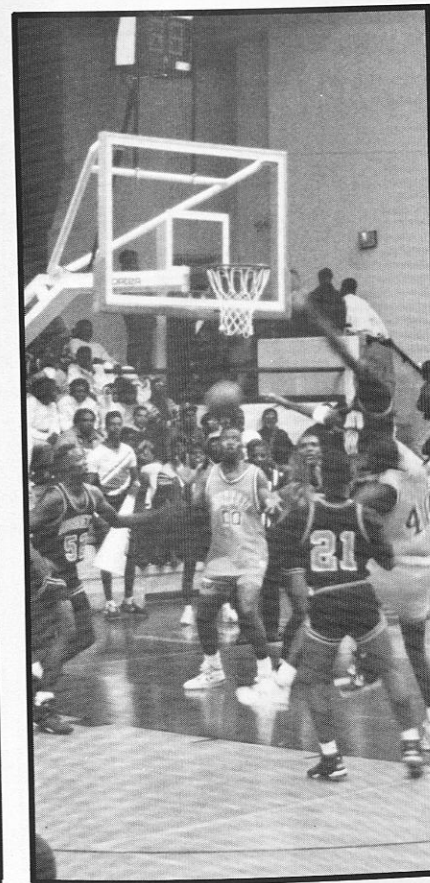

Koop is determined to make the shot

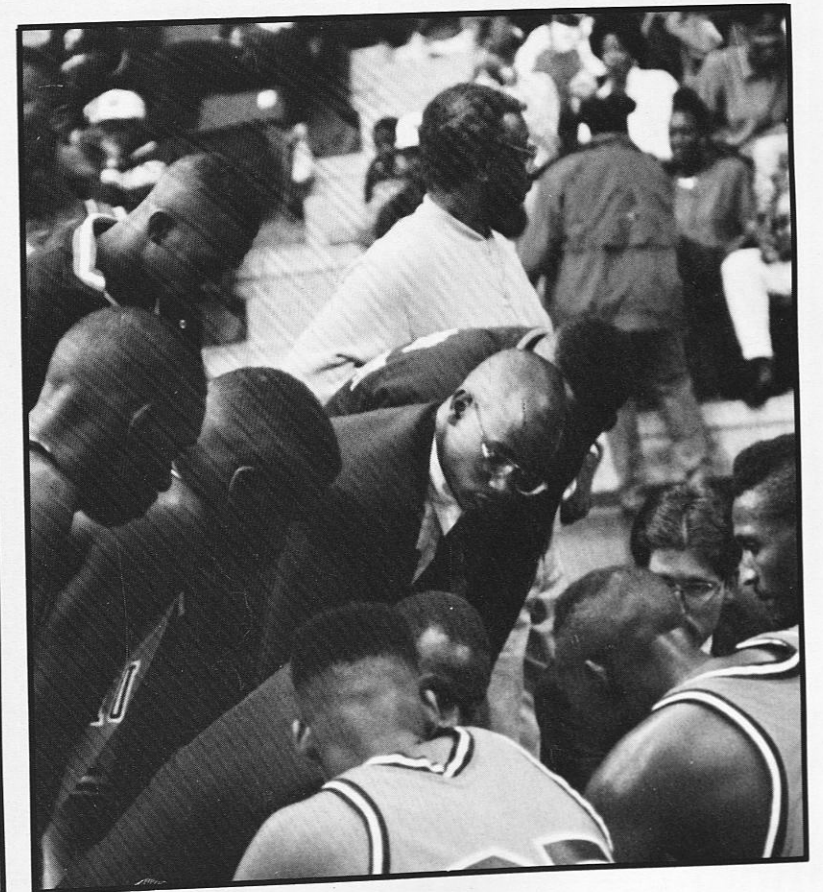

Whoops, there it is!!

He lays it up.

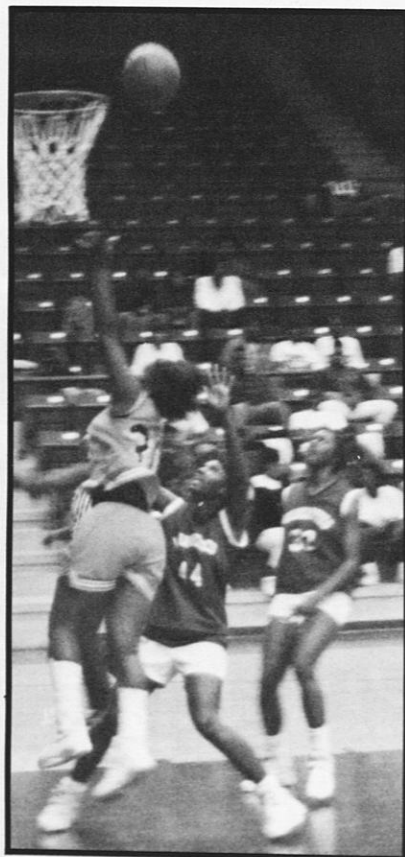

Tigers, block that shot!

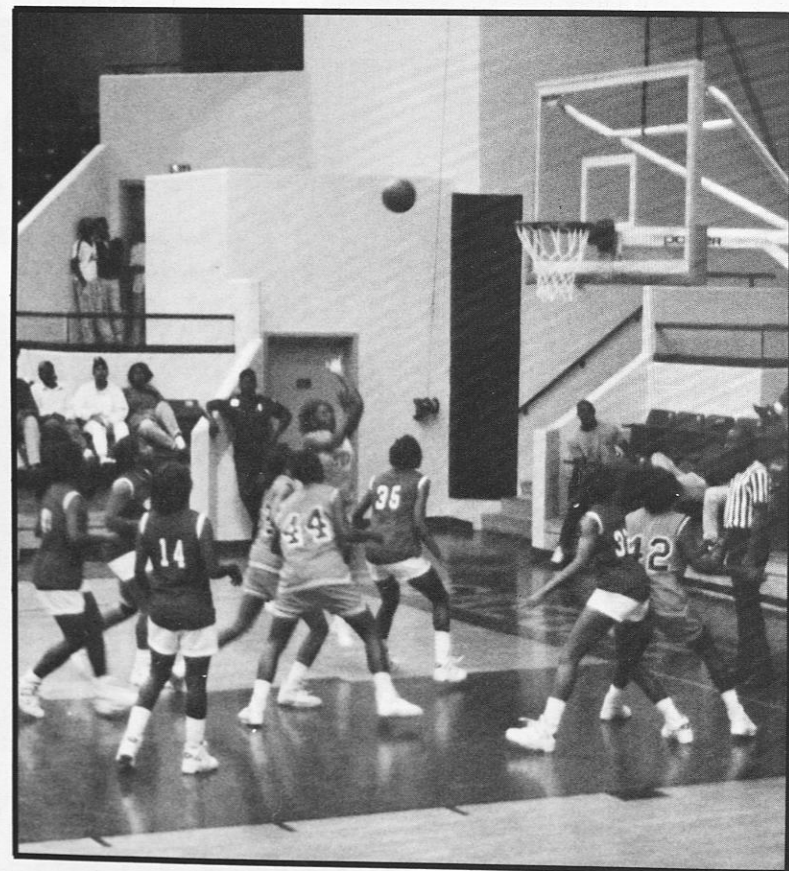

Tigers discussing their strategy.

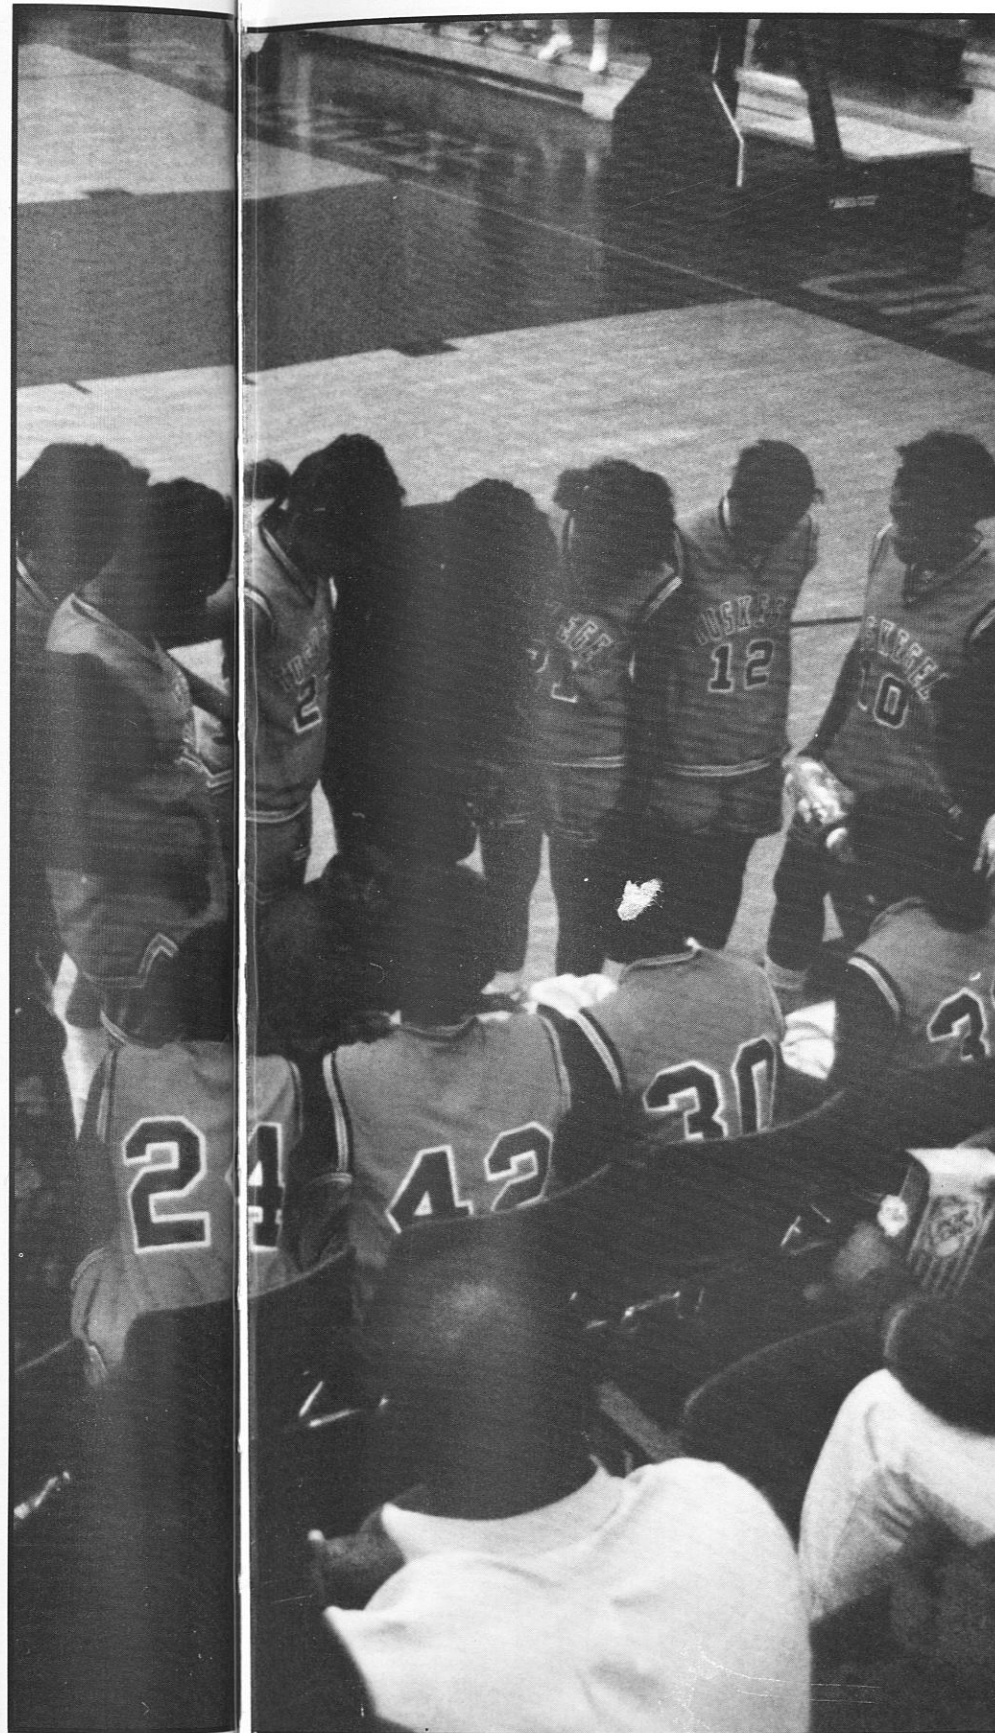

Shoots for the hoop and .....two points

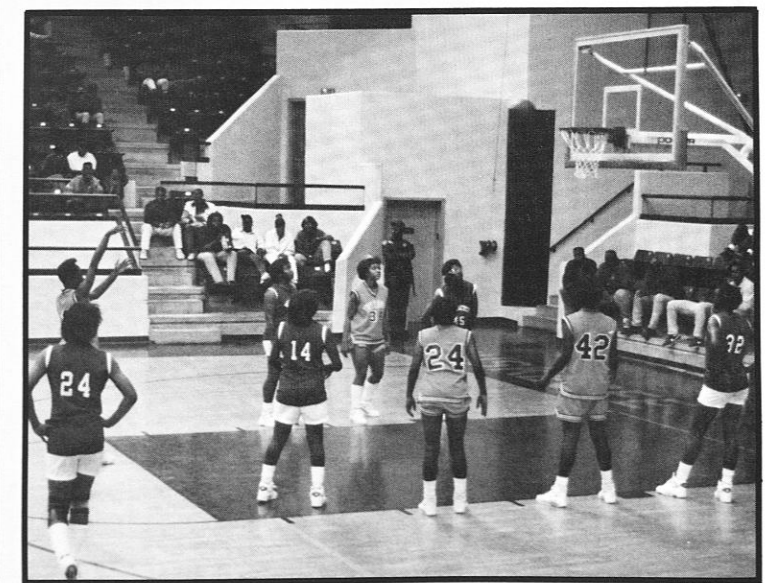

Aiming high

She lays it up in the hoop

Concentration is the key.

Making the perfect shot.

## The Lady Tigers

The Lady Tigers had an exciting, successful season in 1991. Pride and determination were the catchwords as they blazed a trail to the winner's circle. This remarkable team seems to find ways to rise to the occasion and win the big games. Congratulations, to the Lady Tigers, for an excellent season. Keep "Shooting" for the stars!

Congratulations  
To

Senior  
Detroit, MI

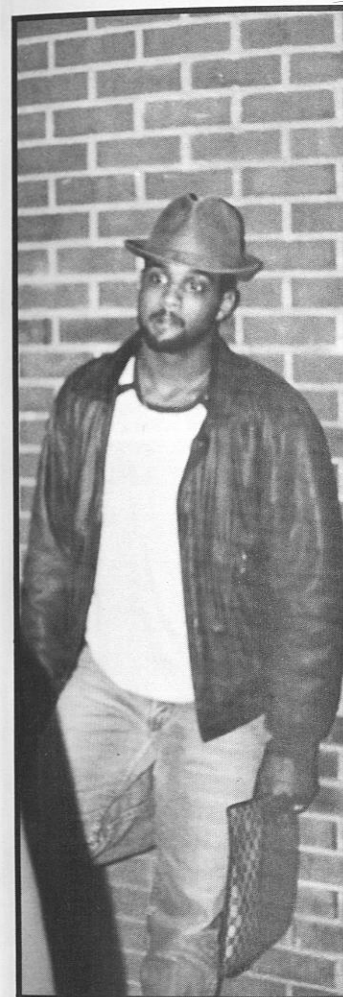

Here, at Tuskegee University, we are very proud of our graduate programs. Our instructors and counselors really try to encourage us to continue our education beyond undergraduate studies. Graduate school better prepares us for the challenging world before us. So, undergraduates are urged to consider this opportunity and take advantage of it now!

Holding up a wall and holding a conversation at the same time is a vital part in our educational process!

## *Classes*

Freshmen, sophomores, juniors and seniors all make up the classes at Tuskegee. The only difference between the four classes is the number of credit hours that have been earned. The love and respect we have for Tuskegee is the same for us all. We work together, grow together, and PARTY together. Tuskegee has taught us all a lesson or two since we've been here and our loyalties will lie here now and forever. Never shall we forget the history of our University nor the struggles we are encountering that enable us to be successful men and women.

Tuskegee has a lot of unknown talent just waiting to be discovered.

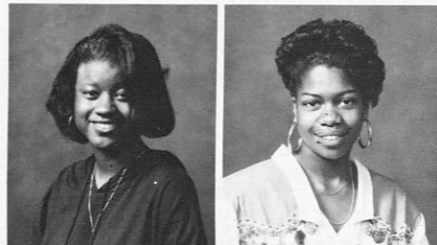

Abdul, Aneesa  
Freshman  
Chicago, IL

Adepeju-Bruce,  
Bosed  
Sophomore  
U.S. Virgin Islands

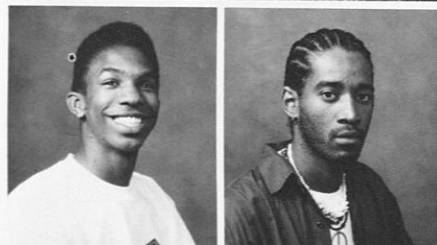

Akuley, Anonya  
Freshman  
Bronx, NY

Alford, Anthony M.  
Junior  
Lexington, KY

## Last Look At Skegee

Well the 1991 school year is finally over. This year was filled with many memories of special friends and exciting activities. As time progressed, we matured together and drew closer to each other, showing our love the way brothers and sisters should. We will miss our graduating seniors and we hope that their lives will be successful and gratifying. As the rest of us look forward to becoming sophomores, juniors, seniors and graduating seniors for 1992, we will always hold the memories of good times of 1991 in our hearts.

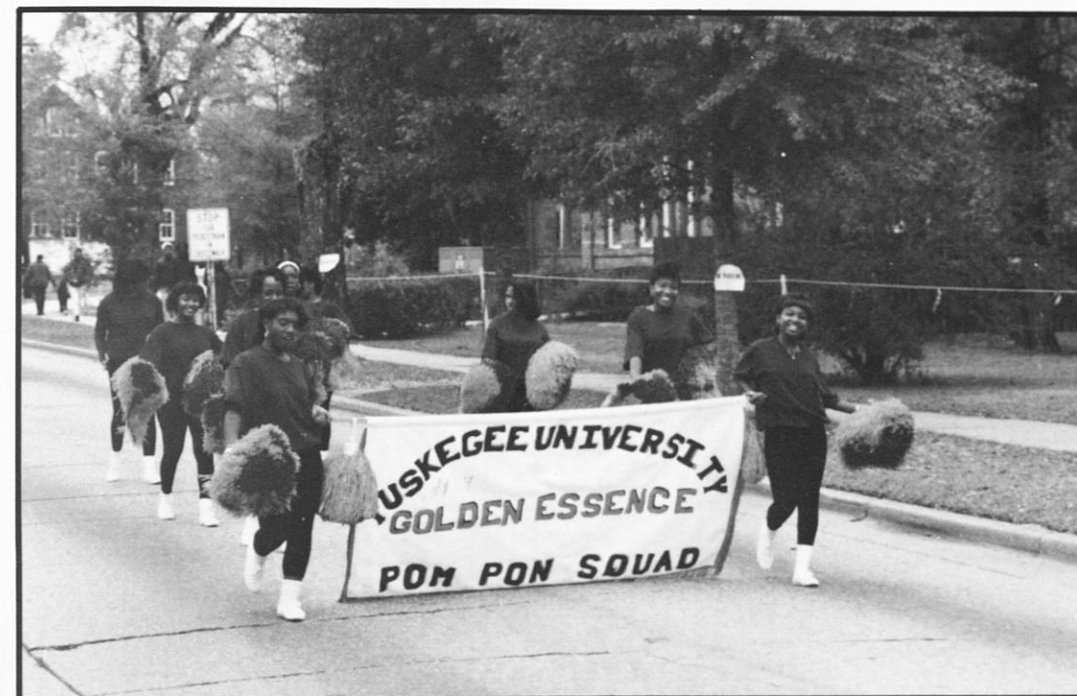

Tara and Friends are very happy
