Success is determined not by whether or not you face obstacles, but by your reaction to them. And if you look at these obstacles as a containing fence, they become your excuse for failure. If you look at them as a hurdle, each one strengthens you for the next.

It's all about seeing the possibilities. I enjoy watching things being built--watching the process from beginning to end.

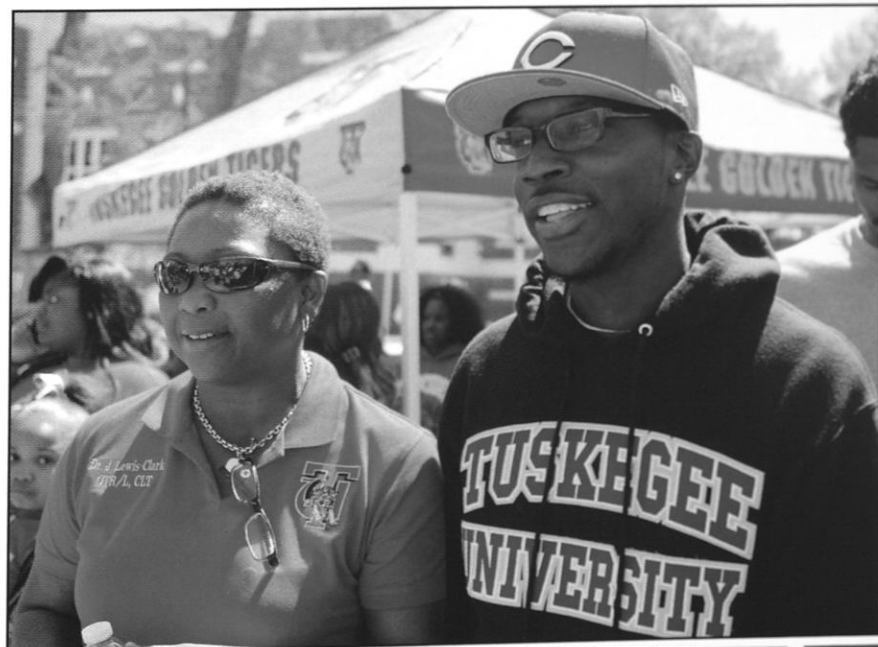

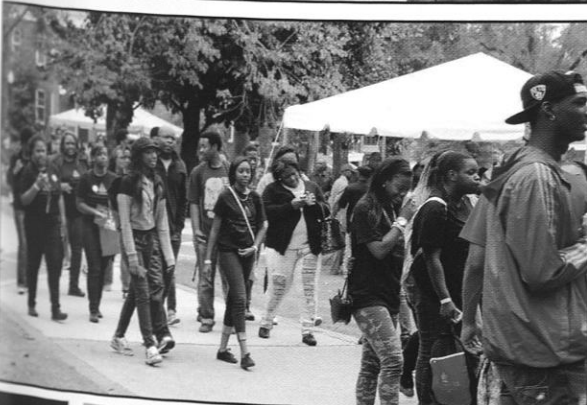

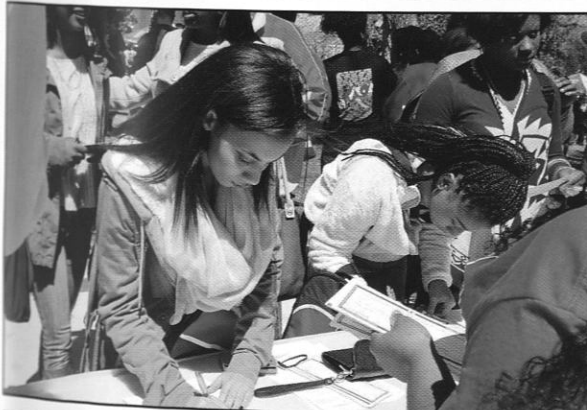

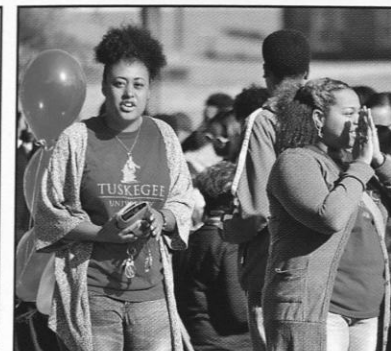

From the breaking of the ground, to the structure being built---it requires so many different components, before we finally see the finished product.

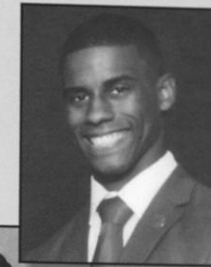

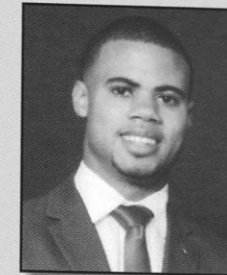

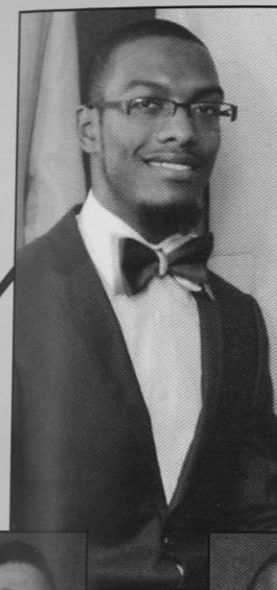

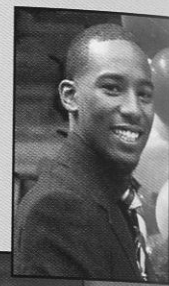

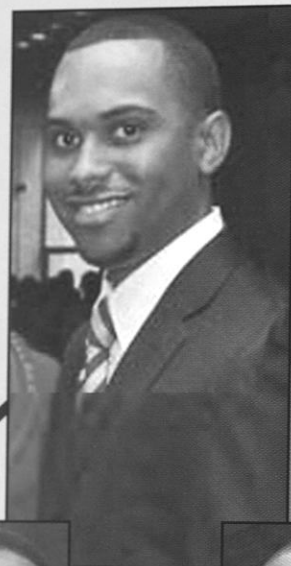

The soul of a person does not mature in a day. In some ways, it takes a lifetime. In spite of things that don't turn out as you would have liked--No matter what happens in life... KEEP LOOKING UP !!!

From the Desk of the Editor

Yearbooks are a special reminder of those wonderful years spent on a college campus bonding with new roommates and friends. Those memories of campus life are precious and will be forever engraved in our hearts.

That is why we tried to capture as much of it in this yearbook as we could. Special thanks to the Yearbook Staff, our advisor Mrs. Cooper, all students who helped with the Yearbook this year, the Office of Communications, Public Relations and Marketing, and all others who assisted with helping to make this Yearbook possible.

So many wonderful things have happened on this campus and we are very happy to have been a part of it.
