## Foreword

As the sands of time incessantly filter through the hour glass, we are tempted to finger each grain in an attempt to recapture the memories it represents. . . . But that would be futile! Failing this we clutch at hope. Perhaps, in time to come as we muse over these pages, and smilingly reflect — we can relive the indescribable beauty of our campus, that giddy feeling from unexpressable joy, our trivial sorrows, long-strived-for triumphs, and contentment that comes from knowledge of a job well done. Such sights, feelings, and blithe moods, we hope to convey to you through this book; until even the casual reader catching the spirit momentarily pictures life on our campus, and tingles with a new awareness of such an existence.

## Dedication

With hopes and dreams so characteristic of those of us who have shared these fleeting years together, we dedicate this book to our ideal — A LASTING PEACE; not a peace that grants favors undeserved; not a peace which is ever whispered on the lips of men but which never touches their hearts; not a peace that is discriminating and compromising . . . but a JUST AND LASTING PEACE in which every man has the right to expect the best for giving his best, an opportunity to achieve the highest, and a fit time to drain the cup of happiness to the dregs. To such a PEACE as this, we the Class of '46 do dedicate this our most treasured possession.

It is good to be permitted  
to live in an age when  
great, serious and perplexing  
problems are to be met  
and solved, for my  
part I would not care  
to live in an age when  
there was no weak part  
of the human family to  
be helped up and no wrongs  
to be righted,  
though struggle and conquest  
men and useful races  
produced.

Yours sincerely

## *Theme*

*"We know the time, but have yet to learn the score"*

*Didn't seek it, didn't choose it,  
I must suffer if I lose it;  
Give account, if I abuse it,  
Just a precious little minute.  
But there's an eternity in it.*

DR. BOOKER TALIAFERRO WASHINGTON

Booker Taliaferro Washington, the founder and first principal of Tuskegee Institute, was born near Hale's Ford in Franklin County, Virginia, in 1856, and died at Tuskegee Institute, on November 14, 1915.

Dr. Washington's work in the fields of education and race relations ranks among the great contributions to the advancement of the Negro, the South, and the nation.

He was a great man: many had trust in him and believed in him, for he was not only a leader but a friend to all men of his race. He was always willing to help anyone in need of aid.

Dr. Washington was elected to the Hall of Fame in 1945.

DR. ROBERT RUSSA MOTON

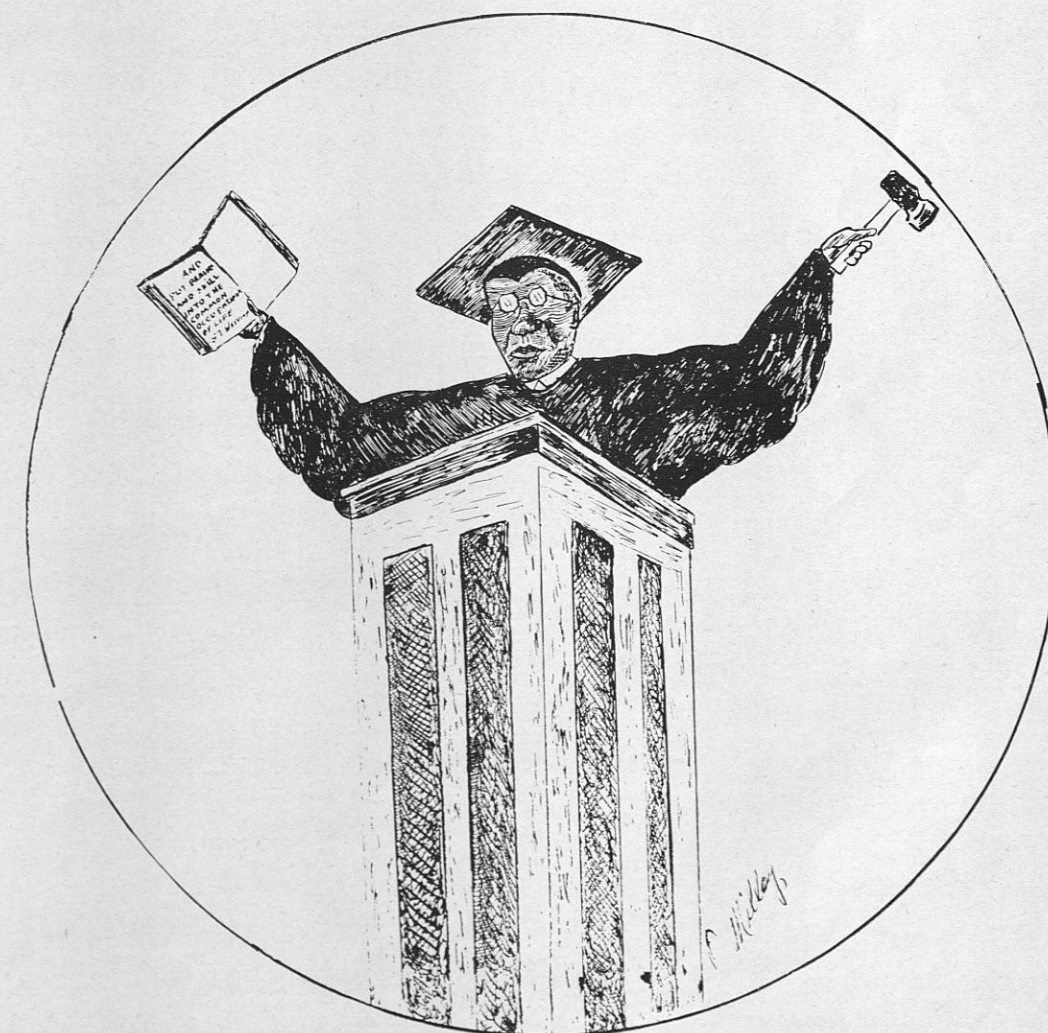

Robert Russa Moton, successor to Booker T. Washington, was born in Amelia County, Virginia, on August 26, 1867.

His career as an educator and distinguished leader is reflected in the field of race relations. His treatise, *What the Negro Thinks*, represents an analysis and reflection regarding race relations.

Dr. Moton was a very admirable character: he was respected and liked by all who knew him. In addition, he was a "good sport" and very interested in the welfare of his race.

Dr. Moton died on May 31, 1940, in Capahosic, Virginia.

## *Our President*

DR. PATTERSON

## President Patterson's Tenth Anniversary

This school year closes the tenth year of commendable service performed by Dr. Frederick D. Patterson in the capacity of President of Tuskegee Institute.

Dr. Patterson attended Prairie View College, Prairie View, Texas, from 1915 to 1919; received the degree of Doctor of Veterinary Medicine from Iowa State College in 1923; received the Master of Science Degree in bacteriology, from the same college in 1927; received the degree of Doctor of Philosophy, from Cornell University in 1932.

Previous to his inauguration as president of Tuskegee Institute in 1935, he served in the capacity of veterinarian and instructor in bacteriology from 1928-1932; he was elevated then to the position of Director of the School of Agriculture for three years.

He is responsible for the organization of 32 private colleges into the United Negro College Fund which he launched in 1944, and is president of the organization.

In spite of the difficulties which have confronted him since his presidency — especially during these last four chaotic war years — he has done an exceedingly commendable job and has brought our school through many struggles.

We feel extremely proud of Dr. Patterson and are fortunate in having such a great man for our leader.

We extend our hearty appreciation and gratitude toward him and wish him many more ripened, successful years.

## Class Song

Tune:  
"Till the End of Time"

Words by  
Mildred Stewart

Now the time has come  
For our ties to break with thee,  
We shall think of thee as home  
No matter where we roam.

When the months of Spring are here  
And Wisteria blooms so near,  
Our love for you will grow deeper  
With every passing year.

You're our guiding star  
That has led us from afar;  
We shall strive to keep thy standard high  
As we bid thee "good-bye."

Until we meet again some day,  
"Tuskegee's the pride" we'll say.  
"A sweet memory, that's true"  
Sadly, we bid thee adieu.

## SENIOR FAVORITES . . . REMEMBER? (Idle Chatter)

In the year '46, we meet a sad day;  
We see departing from our midst a class that leaves in May.

We ask ourselves questions and stand on the walk  
Reminiscing. 'Tis just idle talk.

Remember Yvonne Jackson . . . short, but fine;  
Never missed a game . . . seated on the line?

Berry, Bradshaw, and Frazier forever on the go;  
Many of the hep cats running to and fro?

Recall black-checked slacks? Of course, Frazier Knight.  
Her Buddy, Julia Pitts, who kept her socks white?

Never a day was the U.S.O. "panny,"  
Unless visited by Ezelle, Vivian — "U.S.O. Annie"?

While during a lag our class was kept going;  
We owe this to Eleanor, Julia, and Helen for their showing?

But let us not forget "the Busy Bee"  
The title we gave Cecile Hoover, who nev'r made a D?

Mable Hill and Maudetta stick quite close to their room,  
And so do Ida Mae, Carolee, and Clara Harrison.

Gertie, Eleanor, Lillian rejoined us this fall  
To put campus life again "on the ball"?

Remember the brown-skin, Elizabeth Brown,  
Who walked about the campus with one jaw down?

And Miss Fuller, one time model,  
Who took one yard of cloth and started to toddle?

I hear that Florence Jarvis woke up the nurses with news;  
Not about the strike; all about the blues.

One little nurse, quite popular with the men,  
Is Julia Wendell. Has she settled down again?

Together they stick, like pans and pots—  
Carrie Jefferson and D. J. Watts.

Has ever Lucille Crawford a cross word spoken?  
Do Marie and Walter deserve a love token?

When we put Vivian Shaw and her roommates in a corner,  
Dare we forget their chum, Lillian Varner?

For tiresome hours of labor and despair  
To four girls, a great deal we owe, so it seems—

To make us beautiful by doing our hair;  
Are they Ivy, Edith, Daisy, and Willie Means?

Shall we select the "Big Talker," Jean Meador,  
And name Mattie Patterson the "Big Eater"?

Will Lillian continue arguing without Jean?  
Or Fosha find another roomie like K-eeen-g?

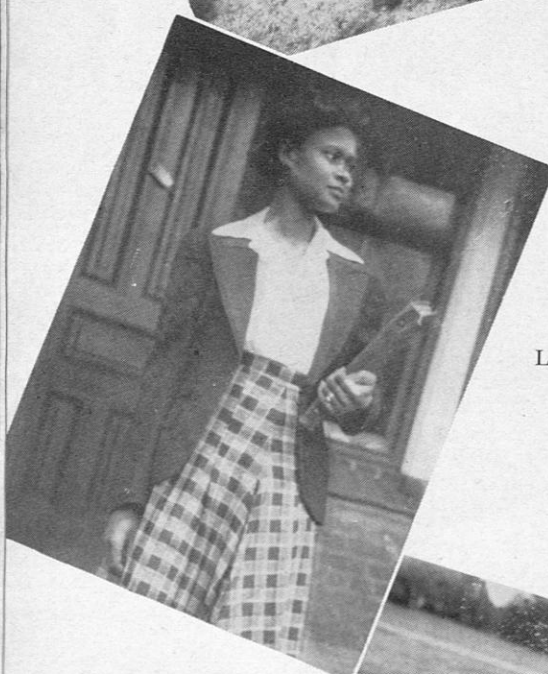

We can not remember all the Seniors, you know;  
But, truly, shall we miss them all when they go.

# Class History

"Ah! Sweet mystery of life at last I've found thee!" was the impression the supposedly venerable upper-classmen might have received from the facial expressions of the insignificant creatures the newly arrived "crabs" and "crabettes." "It is a beautiful campus and the weather conditions are perfect" must have been the verdict of incoming freshmen, representing every state in the union.

We "crabs" and "crabettes" seemed to be omnipresent during the first week; we were everywhere, under the feet of the dignified rulers of the vast domain—the Seniors. What a mess! We were really busy for three days after our arrival; we had never gone through the registration procedures before. Rushing hither and yon, we made a grand hustle and bustle everywhere. In fact, we were—just lost. Too frequently one could be heard to say, "Whew, I'm breathless."

Under the supervision of our class sponsor, Mr. J. J. Flood, elections were held and Garvin Tutt became the first president of the class of '46.

In previous years, the "crabs" had looked forward to the third quarter during which time the gala Social Club dances occurred. We thought we too must wait two quarters, proving ourselves worthy, ere we could attend club dances; but, no, in 1942, this privilege was extended to freshmen during the second quarter. *That*, we understood, was "history!" For weeks, we went around with our chests poked out! Instructors had told us that we were the best class that had ever enrolled in Tuskegee, and, strange as it may seem, when the privilege was granted, we believed it.

To top that, we sponsored a formal Christmas dance which was held in the Chambliss Children's House. A marvelous time was had. The hackneyed expression: "When it rains, it pours" was exemplified the night the Kryl Symphony Orchestra gave its concert. Many girls who left the dorm bedecked in dresses sweeping the street returned in the same raiments now become so short that some were actually mistaken for afternoon dresses. Remember?

One day during the freshman regime, Lord and Lady Halifax of England paid us a visit. On January 5, 1943, the whole campus mourned the loss of our great friend and scientist, Dr. George Washington Carver.

During the first quarter, the men had outnumbered the women, but when March rolled around, the fellows slowly drifted away: they had received greetings from their Uncle Sam, who said, "You gotta work or you gotta fight."

Early in April came the mighty division of the Army Air Corps—the C.T.D. We all marched along with them, singing their theme song, "The Army Air Corps." Now that the army activity program was integrated with that of the Institute, many social affairs were planned, at the Air Base, the U.S.O., and the Cadet Recreation Center.

Among other events were: the presentation of the plaque for dormitory cleanliness and general conduct and attitudes . . . James Hall Open House, The Reverse Chivalry Dance and the Military (R.O.T.C.) Ball . . . the opening of the U.S.O.

Came September, 1943, we no longer had to wear the green cap, indicating that we were going through the "green" stage. It was now time to prove to the "crabs" that we know everything—at least, we thought we did. Most of us became active in all of the organizations, both social and non-social. We went everywhere and tried to do everything. Those who did not had gone home because they were disillusioned, lacked funds, were too far from home to get back, or had not proved that they were capable of being promoted from the "green" stage. This year was not too eventful for us. Our sponsor was Dr. J. Max Bond and our leader this year, Wilbert Galleaud. The Sophomore girls were the first to have a Senior young lady, Irene Parish, as House Advisor. We will always remember Miss Parish for her strength, loving kindness, and humanity.

Among the campus visitors were: Joe Louis, "Rochester," Lena Horne, and movie star Phillip Dorn.

September, 1944—Juniors. Looking forward to becoming Seniors the following year!

This year there was really a man shortage; by this time most of our boys had answered their "Uncle's" call, either working or fighting. Everything seemed a "Girl-only Affair." From the campus, even the C.T.D. had vanished—but the Cadets and Officers were here; nevertheless, we knew that it was our duty to carry on and that is just what we did. Mr. Trammel, our chosen sponsor, stuck by us through thick and thin.

Although there were only a few men in the class, one, Ulysses Washington, who came to us in '42, from the fair city of Tuscaloosa, Alabama, emerged as class president.

The most gala event of the year was the "PROM." We "had a ball if there ever was one!" said to be the best in the history of "Skegee." Under the able assistance of Pfc. Otto McClarrin, the Juniors were able to sponsor a "PROM" that was undeniably lovely. With multi-colored streamers making a roof over the heads of more than a thousand persons and a huge light (centering the floor), which gave a very soft glow, there was created in Logan Hall an atmosphere which put everybody in the mood for "tripping the light fantastic." Oh, what a night!

Our President of the United States, Franklin Delano Roosevelt, passes during this year and the campus joined the nation in mourning a great man.

Then came the invitation from C.B.S. The Institute Choir sang in lieu of the Wings Over Jordan Ensemble which was on an overseas tour.

September, 1945! The fourth and last year! We anxiously looked forward to May. Mr. Trammel, along with "Major" Cleve Abbot and Mr. Luther Foster, was again elected class sponsor. Eleanor J. David, who hails from Trenton, New Jersey, was elected president of the class. An able group assisted her: Charles Campbell, vice-president; Julia Pitts, secretary; Julia Martin, assistant secretary; Alice Dunnigan, treasurer; Agnes Woodard, business manager; and Helen Brown, editor-in-chief of the *TUSKEANA*.

This year proved to be one of the most significant and eventful years of our stay at "Skegee." It seemed like old times; most of our boys had been discharged from the services and the Veterans program, introduced in our Junior year, was well under way.

Came the erection of the beautiful and magnificent Nurses Home! The boys were fortunate in reclaiming another of their dorms, Sage Hall, after the Cadets vacated in November.

In the Institute Chapel were held services which proved both beneficial and inspirational—namely, Dr. Patterson's Tenth Anniversary and a service honoring Mr. T. M. Campbell's forty years of service in Agricultural Extension. Our own Mr. Isaac Hathaway, Head of the Department of Ceramics, made of Mr. Campbell a bust which was presented to him. The bust may be seen by all friends and visitors who enter the Extension Building.

Campus-wide enthusiasm reached its zenith when our founder, Booker T. Washington, was elected to the Hall of Fame. That the world-famous Tuskegee Choir made a hit on its first radio appearance was evidenced by a second invitation extended to it for a repeat performance on "Wings Over Jordan" hour of C.B.S.

Well! Well! What is this? Grand Opening of the Propeller Club! Whom do we see? The Seniors, of course. Yes, the Seniors christened the new club and enjoyed the beautiful strains of that well-known recorder of radio and screen, Nat King Cole, and his trio. Thrills! Thrills! and more thrills!

January 5, 1946 marked the observance of the first National Carver Day.

The happy go-luckies of four years ago witnessed many significant events, and before *TUSKEANA* '46 is off to press, there will be many more. We as individuals now hope to take our place in the world of tomorrow and become assets to the Negro race. Many of our prominent members and leaders we have seen pass from our midst, but though they are gone their influences are still felt. We feel, however, that our four, well-spent years have been enlightening.

To you whom we leave behind, the class of '46 of Tuskegee Institute, bids farewell.

## Class Prophecy

While strolling nonchalantly along the broadwalk of one of Rio-de-Janeiro's colorful beaches, I was suddenly startled by some one exclaiming, "Why Mildred Stewart!" I hadn't been called Stewart for the past ten years. The voice was that of Vivian Wheeler—correction—Vivian Armstead.

From that moment our conversation threatened to become incoherent, because we were both trying to talk at once, just as though time would not permit us to say all the things we wanted to say. However, after partially recovering from the joy of seeing each other, our conversation became intelligible, and Vivian informed me that she had launched upon the sea of matrimony some time ago, and was now Mrs. Armstead. At the present they were briefly vacationing in Brazil before returning home to her many interesting duties, the chief of them being practicing the culinary arts.

During the course of our conversation Vivian reminded me that our class reunion (May 20, 1956) was only a month off. Eventually I inquired as to the whereabouts of our class mates, and she replied that as Chairman of the National Veterans' Association she had many opportunities to travel, and therefore had seen quite a few of the old gang. Then she recalled in an excited fashion:

"Why, just five days ago I enjoyed dinner with Mr. and Mrs. Watson, and their family in Los Angeles, California. They have a lovely family of three children, and Walter is one of the most prominent architects on the coast. Oh, and about three weeks ago I happened into a hat shop in Arizona, and discovered that the owner was none other than Jean Meador. Jean has kept in touch with most of our old classmates, and informed me that—

"Lillian Smith is National President of the N.A.A.C.P.—

"Lucile Crawford is hostess on the Negro American Air Lines—

"Velma Brown and Nettie Brooks are head Dietitians at Freedman's and John A. Andrew's Hospitals respectively—

"Agnes Woodard was operating a printing establishment in Virginia—

"Modell Robinson was a model for 'Good Housekeeping'—

"Emma Campbell was married to Wooley and was the First Lady of Haiti—

"Vivian Cummings now had her heart's desire, but no place of abode—

"Corrie Brown, the owner of the Fox Hat Club, in Richmond "And . . ."

Here, Vivian interrupted, saying that she must have a drink of water and get off her feet.

In the beach pavillon we met Herthal Osborne Jackson. Before we left, she had told us that she was now a missionary and had decided to travel in foreign parts, while "Chris" was getting his Ph.D. She said that Purnell Miller was a preacher. However, he planned to resign his parish in order to return to Tuskegee Institute as Director of the Department of Physical Education, after "Major's" retirement.

Herthal said that she had heard from Susie Thompson, who had received her Ph.D. in Religious Education, from Howard University, and a diploma in Personnel Guidance from Iowa State; Susie was returning to Tuskegee as Dean of Women. Susie had told Herthal that—

Maudetta Griffith received her M.A. at the University of Chicago and was Supervisor of the County Schools in Alabama.

Danette Lawrence is still making plans for the future.

Ezelle Lanier is playing in New York's Philharmonic as violinist. Her two girls are already making plans to attend Tuskegee.

Leuanna Foster, inspired by Dr. Oliver Cox, received her M.A. from Chicago University and is now working on her Ph.D. in Social Science.

Mildred Williams is dietitian at Tuskegee and has released her first book: *Valuing the Atom Nutrient*.

Hilma Ligons owns an exclusive dress shop in Chicago, Ill.

Vivian Shaw is the principal of Prairie Farms, Alabama, which school now occupies two blocks.

Lillian Vaught is the dietitian at the Brewster Hospital, in Florida.

Anne B. Frazier operates a chain of restaurants from Florida to California; Christine Smith operates the chain from California to New Mexico.

Altaire Raines, a famous designer, has just returned from Paris, where she attended the 1956 Style Review.

Fochia Varnado is a home demonstration agent in Alabama.

Carolee Quaterman operates a Nursery School for Underprivileged Children. She has six children belonging to Ida Mae Lewis who gives them swimming lessons; some, as early as nine months.

We stopped Herthal momentarily to find out the cause of the huge crowd surrounding a woman for autographs. Behold! Sarah Jean Duncan, the popular movie star, who made such a hit in "The Revelation of Life," that her fame had reached Brazil before her. Ethel Allen was also traveling with her, after completing her tour of the cafeteria systems in Rio-de-Janeiro. Sarah Jean informed us that Fred Fuller, a professor in Iowa, had written that—

William Bethel, head of the Y.M.C.A. in Harlem, and still loving to eat, has a farm on the outskirts of town.

Lindorf Blakely is coach at Stephens Lee High, in Asheville, N. C., where he was once a student.

James Chanceley, Professor of Social Science at Fisk, recently won the National Tennis Championship, in New York.

In Jacksonville, Florida, Joseph Smith operates a motor company with twelve employees.

Charles Campbell, with his "Aces of Swing," who thrilled the dance lovers at the Club Savoy, is now holding sway at the "Beach Club" in Brazil.

Ulysses Washington, prominent lawyer, was now prospering in the real estate business.

Then Sara Jean suggested that we find a radio and attempt to pick up the broadcast celebrating the election of James Huntley, as President of Tuskegee Institute. Forthwith we began our search for the television equipment—

Voila! The program had just begun.

"In the center of the platform sits the retiring prexy, Dr. Patterson . . ."

While listening to the broadcast we noticed many former "Skeetes" in the audience, among them were:

Hattie Turner Palmer (who now lives in the village of Glendale, Ohio, with her many chicks and children).

Georgia McKinney, the proud parent of five stalwart sons (but hoping some day to have a football team in her own family) who will some day be stars like Fuller, Purnell Miller, and Whitney Van Cleve.

Mildred Howard, who is now the proud possessor of a M.A. in Library Science.

Josephine Whittaker, mother of triplets, manager of the Whittaker and Whittaker Department Store on Manhattan Island.

Sarah Patton, Imogene Nix, and Pinkye Wade, operators of a chain of delicatessen stores on the East Coast.

The Ephraim sisters are now operating a nursery in Birmingham, Alabama.

Eloise Hall, principal of Camden High, Camden, Alabama.

Blondell Sharp, recently become wealthy, having written one of the best sellers of the year.

Naomi Jenkins, the "Chain Store Queen."

Leila Freeman, Christine Jackson, and Jenny Washington are dietitians in leading hospitals of the mid-west.

Olivia Harris Simpson, Head Nurse, Veterans Administration, Tuskegee, Alabama.

Hilda Anderson Jackson, hoping to be the Dean of Women when Susie retires.

Julia Wendall Monroe, R.N., still trying to decide whether she will stay in Boston or go to her "Heart's Desire."

Mattie Patterson, worried because she eats up her husband's profit.

Lewanna Hill is still deeply engrossed in her work at Homer G. Phillips.

Gloria Berry Gibson, driving a 1957 Cadillac, promising faithfully to start keeping house "next year."

Quiet Earline Gully, Head Clothing Department, B. T. Washington High.

Ivey Aaron, with her assistant, Willie Means, is operating a beauty salon.

Andell Watkins, Ph.D., replacing Mrs. Rankin as Teacher Trainer in Home Economics.

Magnolia Arrington, Ernestine Holly, and Alberta Parks, who are all pursuing their careers in the various hospitals in the East.

Ophelia Burnette, the Pin Up Gal, No. 1, on Broadway.

Alice Hickman, a sensational blues singer in Wilmington's swang "Stratosphere Club."

Harriet Raymond, returning from her European tour with the Kathryn Dunham group.

Dr. Cevile A. Hoover, unfolding her newest discovery, "The Secret of Invisibility."

Evelyn Stephen Griggs, well on her way with the football team: it won a game.

The famous trio, Martin, Whitten, and Winton, owners of the Club Rum Boogie.

Helen Brown, after several successful years in business, in California, has announced the opening of her second swank health resort, "The Brownian," in Palm Beach, Florida. (Her resort specializes in therapeutics.)

In the latest issue of the Chicago Tribune, we read that Clarence (Short Line) Smith has expanded his business, Short Line, Inc., and plans to give Ford competition with the 1958 models.

The speaker paused a moment, picked up some telegrams of congratulation from those who were unable to attend and read:

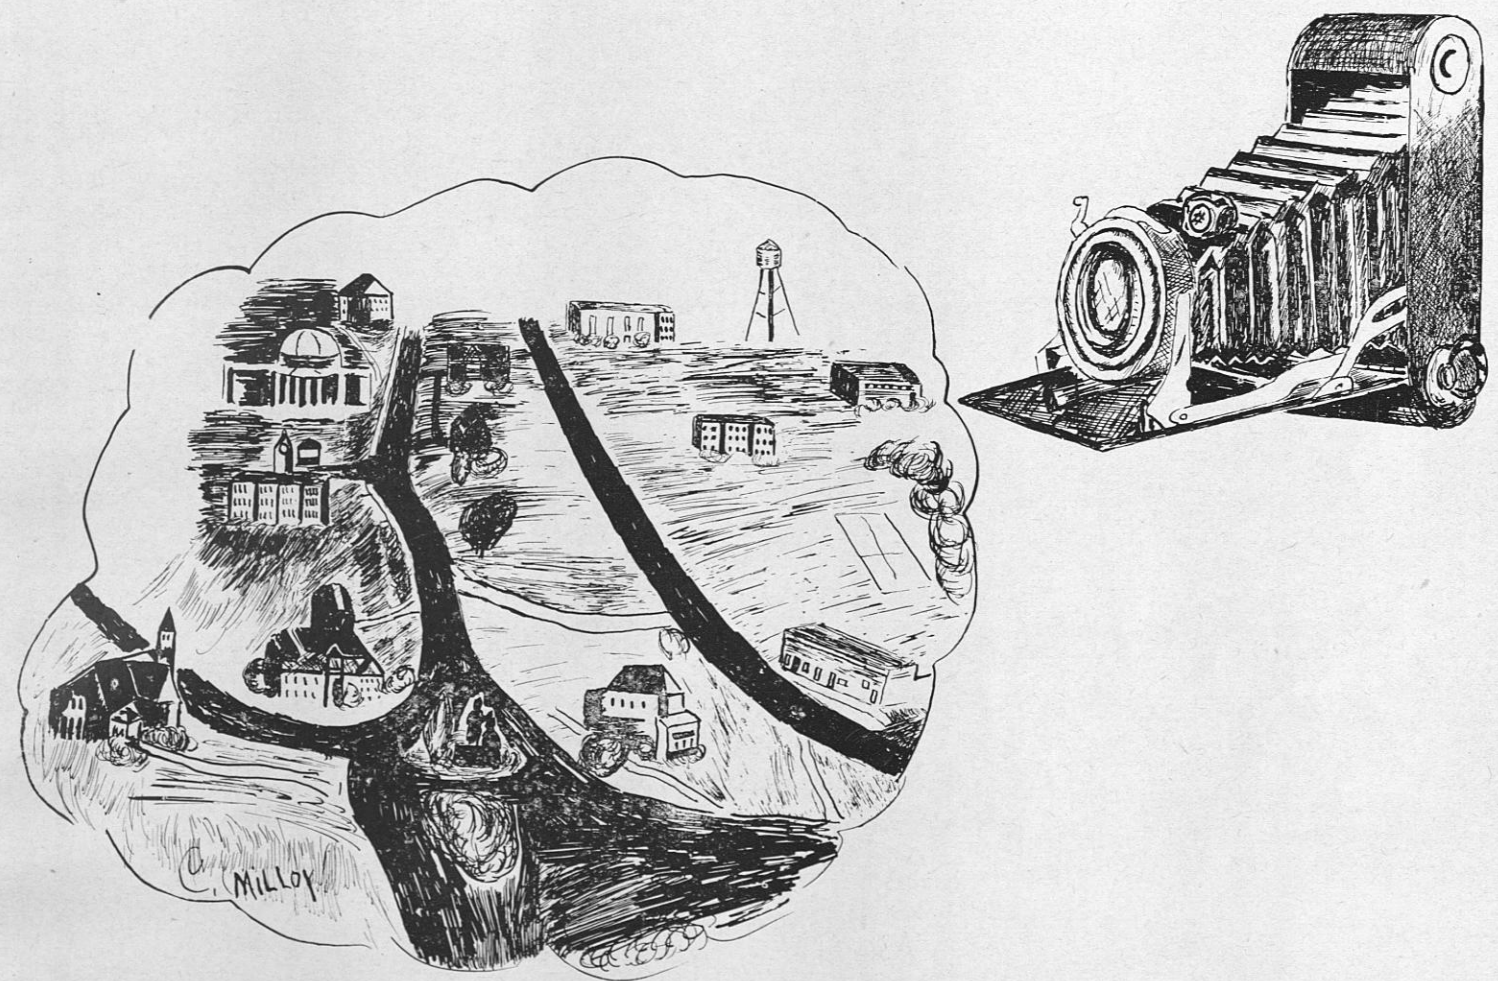

Best wishes for your success. Unable to attend due to pressing duties. Home Demonstration Agent in Florida. Signed: D. J. Watts, Cocoa, Florida.

Congratulations . . . Tied up at Administrative Cabinet Meeting. Signed: Gertrude Williams, Principal Kingston High, Cleveland, Ohio.

Best of luck. May your success continue. Signed: Lettye Sellers, Boston, Massachusetts. (Head of Home Economics Department.)

The program came to an end; we reluctantly bade farewells, and went our own way, with a new joy in our hearts.

## INSTITUTE COUNCIL ON CAMPUS LIFE

Left to right: Mr. Albon Holsey, John Claybon, Mary Jones, Emma Arnold, Ann Osborne, Ulysses Washington (President), Dr. Ruth T. Brett (Co-Chairman), Julia Pitts (Secretary), Grover Bullock, Dean Jean Fairfax, Commandant Major Welch, Miss W. L. Deloney and Rev. Raymond Harvey.

The Institute Council on Campus Life — composed of seven outstanding student leaders and six members of the faculty — is concerned with all aspects of Tuskegee but chiefly with the effort to render the life of the student more wholesome and significant. This organization operates on a democratic, free-discussion, equal vote basis. Its chairman is Ulysses Washington, Senior in the School of Mechanical Industries; its co-chairman, Dr. T. Ruth Brett, Acting Personnel Director.

## "T" Club

The "T" Club accepts for membership those students who have won a Varsity "T" by excelling in a major sport.

## Who's Who

## OUR FIRST LADY

A most gracious hostess at any social gathering on our campus. Mrs. Catherine M. Patterson's personality serves as a beacon to all students of Tuskegee Institute.

## MISS TUSKEGEE

From the Lone Star State comes the lovely lady, Gwendolyn Byers, whom the students named their leader. The School of Physical Education forms the background for her interests in basketball, pictures, and people.

MATTIE JONES

"Following the leader" is quite the vogue for Miss Home Economics, Mattie Jones, a Senior of the Arkansas (Razorback) Travelers.

MISS FRESHMAN

A dainty and cute Freshman, Miss Crawford was unanimously chosen to represent her class.

MISS POLKA DOT

Dorothy Jackson, the lovely sweetheart of the Polka Dot's is a Junior in the School of Home Economics and comes from Buffalo, New York. She is interested in collecting pictures, dancing, and tennis.

## MISS ALPHA PI GAMMA

Claiming San Antonio as her home town, a vivacious Senior, Ivora Fuller takes an active interest in dancing and basketball.

## MR. AND MISS KIYI

The light is focused on Carolee Quarterman, another Senior in Home Economics. Jacksonville, Florida, sends an active participant in tennis, singing, and dancing. At her right side is Mr. Ki Yi, the handsome Cornelius Stantian from Birmingham, Alabama.

## MISS C. D.

Commercial Dietetics selects Marie West, a Senior Peach—enthusiastic about tennis and dancing.

CAROL BLANTON

Still a budding young artist, Miss Blanton delivered the students a memorable piano concert.

DOROTHY MAYNOR

Never will the students of Tuskegee forget Miss Maynor's vivid rendition of "Oh No John, No John." Her sweetness will always be something to aspire for.

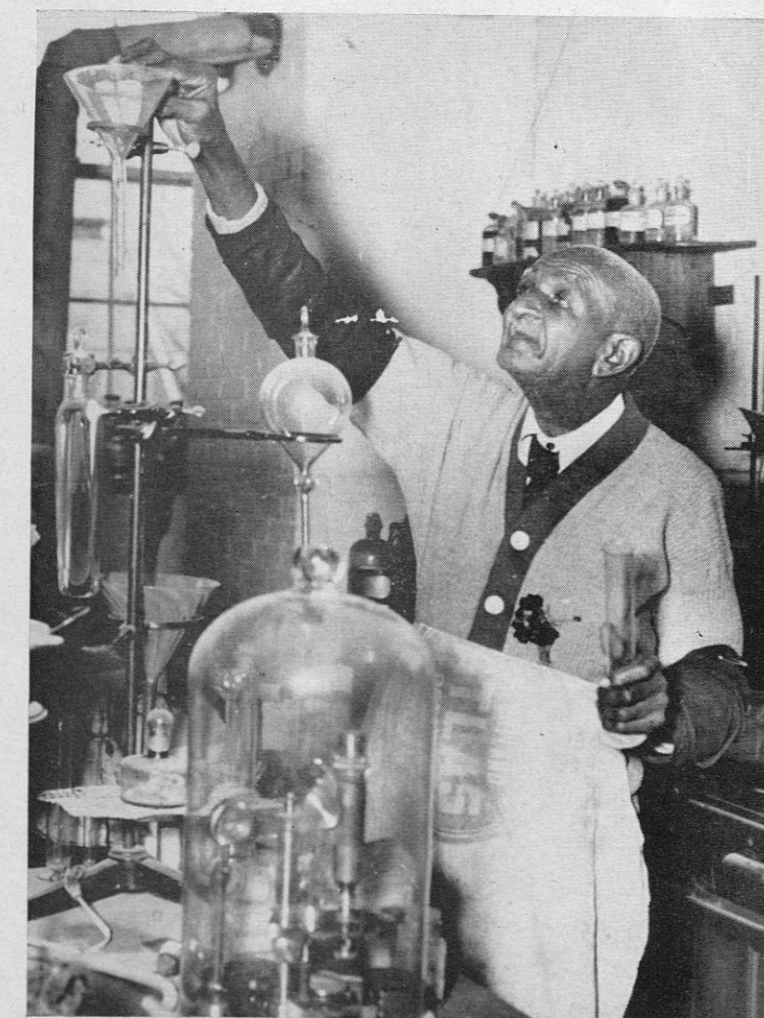

LOUIS JORDAN

We have heard him on records and over the radio, but here at Tuskegee Institute at the Propeller Club, Mr. Jordan's "Buzz Me" reached a new height.

DR. GEORGE WASHINGTON CARVER

Born of slave parents, on a farm near Diamond Grove, Missouri, Dr. Carver rose to many heights. Perhaps the greatest of all is the realization of Carver Day established by Congress for national observance. We, the students of Tuskegee Institute observed George Washington Carver Day, which was on January 7 by replacing the regular Vesper Services with a program of reminiscences and tributes.

#### T. M. CAMPBELL

Extension officials from Washington, D. C., and Auburn, Ala., joined with Negro extension agents of the State and Tuskegee Institute in honoring T. M. Campbell whom H. H. Williamson, Washington's Assistant Director of Extension, characterized as "dean of 10,000 county extension agents in 48 states." A program marking Mr. Campbell's forty years with Extension Service included formal exercises in the Institute Chapel in the early evening at which time a bust of Mr. Campbell was unveiled and presented to Tuskegee Institute to be placed in the Extension Building on the Institute campus. This was followed by a banquet in Tompkins Dining Hall.

#### BOOKER T. WASHINGTON

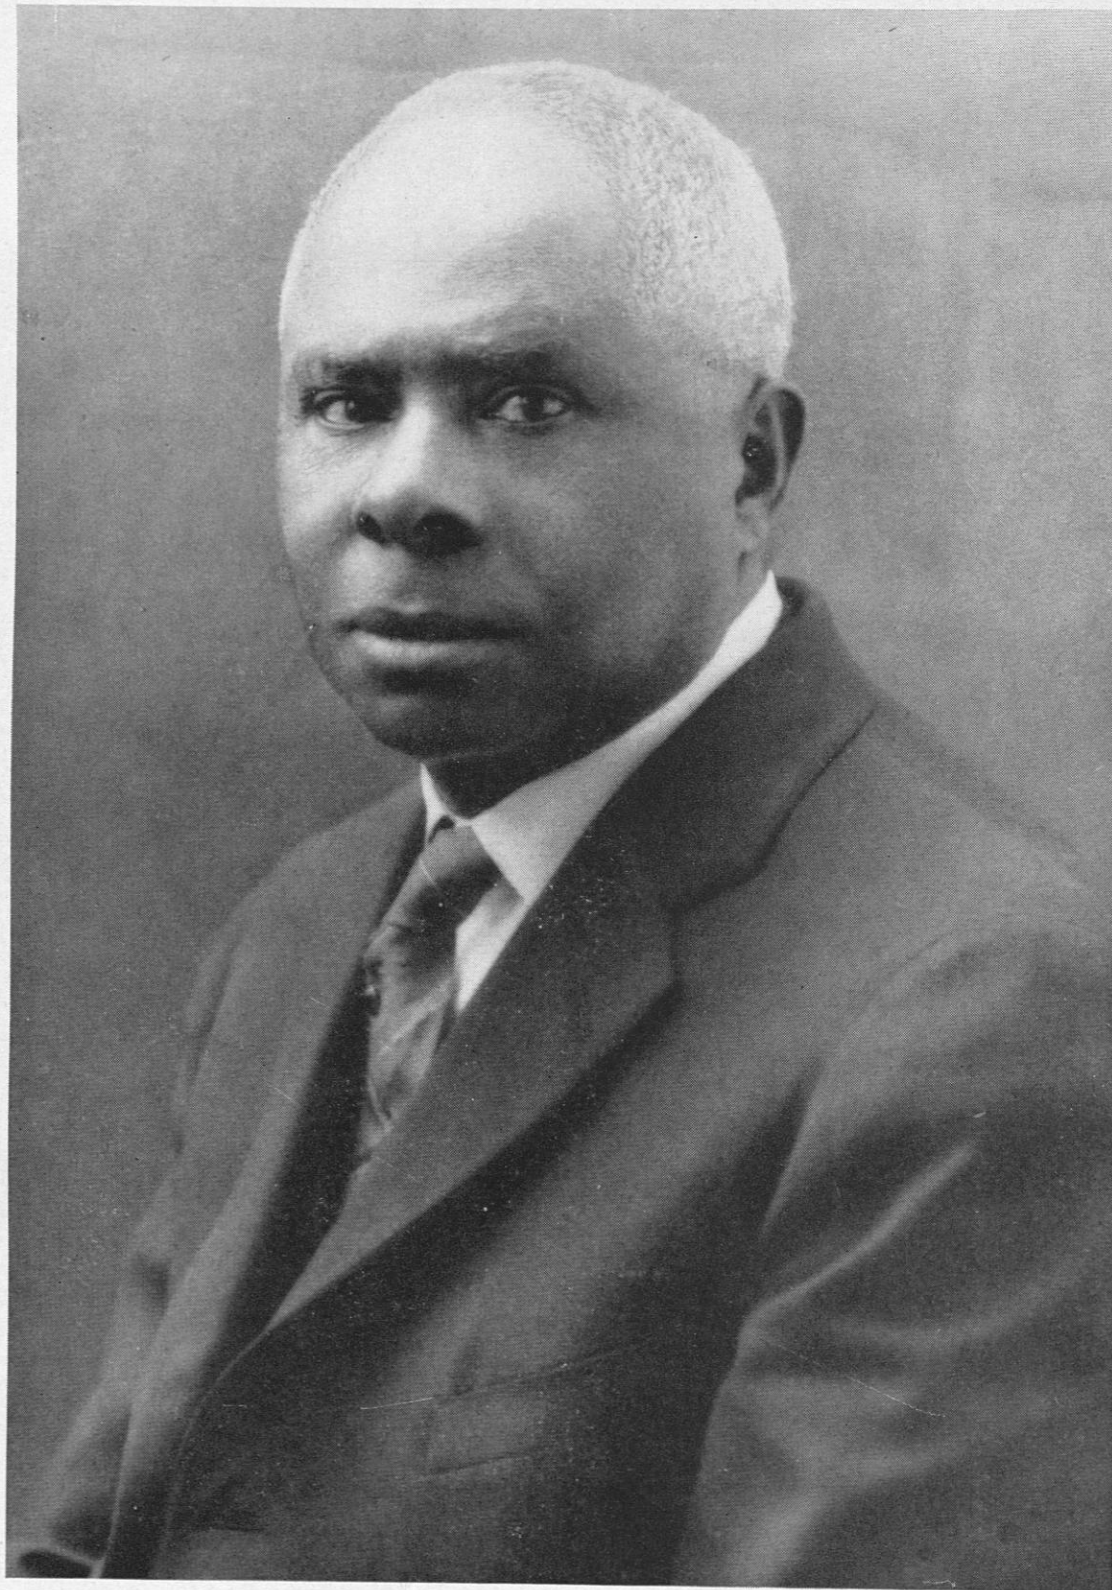

Once again the Founder of our Institution has reached new heights inasmuch as his achievements to both white and black races have caused him to receive more votes than any other nominee to the Hall of Fame and the first Negro to be so honored.

#### MISS "T" CLUB

Miss Alice Coachman, an attractive lassie hailing from Albany, Georgia. She participates wholeheartedly in all sports, especially basketball and track.

DR. MONROE N. WORK

This noble man will always remain in our minds for his notable work in the field of research on the subject of the Negro. He was interested in all phases of information on his race and gave to the world much needed data.

CLEVE L. ABBOTT

Mr. Cleve L. Abbott, Director of Athletics and head of the Department of Physical Education, is better known to the student body and faculty of Tuskegee Institute as "Major." He has served in this capacity for 25 years. He became connected with this faculty in 1916 shortly after his graduation from South Dakota State College. He voluntarily left the service of the school in 1917 and entered the Officers Training Camp at Fort Des Moines, Iowa, where upon the successful completion of the course was commissioned and served with the American Expeditionary Forces in France during World War I.

He rejoined the faculty in 1923 and has served continuously since then as Director of Physical Education and athletics.

He is assisted by Edward Adams, Tuskegee, '34; Ross C. Owen, South Dakota State College, '25; Guy R. Trammell, Tuskegee, '36; Ernest T. Bailey, Tuskegee, '27; Henry C. Harrison, Tuskegee, '28.

Mr. Abbott is a genial and understanding adviser to a host of students while here and after graduation. He has done much toward guiding Tuskegee's sons and daughters in helping them to find their rightful place in the world.

## On the Hardwood

Coach Adams covers the plays with Captain Bethel.

The Golden Cagers under the supervision of unassuming but efficient Coach Adams have held their place among the outstanding teams of the country and are held in high esteem by many figures of the sport circle. They are most noted for their convincing style of play, good sportsmanship, and masterly technique in ball handling.

We wish for them much success in taking the winning game of the Southern Conference Basketball Tournament (1947). They have the makings for the title. Through honest effort and cooperation by all concerned this wish *will* be realized.

THAT THERE IS NEWS UP THERE OF SPECIAL INTEREST  
TO OUR READERS.

Wherever there is worthwhile news of peculiar interest to our readers, we'll send a man. Recently GUIDE reporters have been in Genoa, London, Monrovia, Belfast, Manila, Marseille, Tunis, San Francisco, Accra, Rome—all places where there was a BIG story with a NEGRO angle.

And that's why every week over 70,000 Negroes buy the GUIDE, in addition to their daily papers . . . and read it column by column for the news that *wasn't* in the dailies.
