

WOMEN'S INTERNATIONAL LEAGUE FOR PEACE AND FREEDOM

Sept./Oct. 1962

TO: ALL BRANCH CHAIRMEN

FROM: Elizabeth Tolles, National Coordinator for November 11 observances.

WAR BY ACCIDENT

Greatest Danger of the 1960's

What is your Branch planning to contribute to the effectiveness of this International WILPF Project on November 11?

California will be planning for November 11 in workshops at its State Annual Meeting in October. Pennsylvania State Branch has reserved the auditorium at the Free Library of Philadelphia for a public meeting. Denver, Indianapolis, St. Louis, Chicago, Springfield, Illinois, and Burlington County, New Jersey, also have reported plans under way.

The Regional Offices of Turn Toward Peace (P.O.Box 401, Cooper Station, New York 3, N.Y.) and the American Friends Service Committee (160 N. 15th Street, Philadelphia 2, Pa.) may be helpful with suggestions for speakers. See page from Publicity Chairman in this packet for ideas on making your meeting NEWS.

Good luck

We should like to know the plans of your Branch so that the National Office can have a complete record of the U.S. Section observances of the November 11 War By Accident project. Please fill in and return this tear-off as soon as information is available.
